VOTER INFO GUIDE—Marcia Hall and Bev Bechtel of the Women's Voter Information Committee look over this year's edition of the Voter Information Bulletin for the November election. Committee members mailed questionnaires to the 44 candidates who have filed for election to county, city, and village offices and to the five county district school boards. Information asked included qualifications, experience, education, and answers to personal opinion questions

regarding the office. The bulletins, containing their remarks, will be available to the public during and following the Pumpkin Show. The Women's Voter Information Committee is a non-profit organization. New members and contributions are welcome. The group will meet Thursday, Sept. 11, at the home of Mrs. Carol Rorick, 508 Plaza Dr. Additional information may be obtained from Mrs. Ann Grubisha, 474-6320. President of the group is Mrs. Jean Droste.

Economic Figures Give Fresh Clues To Future Trends

WASHINGTON (AP) — The nation's unemployment rate held steady in August at 8.4 per cent, but the number of Americans with jobs continued to increase sharply, the government said today. It was a strong sign the economy is recovering from recession.

The Labor Department said many factories recalled workers laid off during the depths of the recession, and that total employment rose for the fifth straight month.

August figures showed an increase in employment of 275,000, meaning that 85.4 million Americans held jobs. Along with employment, the size of the labor force increased in August to 93.1 million, up by 230,000 following a rise of more than 500,000 in July.

The increase in employment occurred mostly among adult men, household heads and blue-collar workers, segments of the labor force hardest hit by the recession.

Since reaching a recession low of 83.8 million last March, employment

has risen by 1.5 million, the department said.

The encouraging news in the job picture was somewhat offset by another sharp increase in wholesale prices last month.

In a separate report, the Labor Department said wholesale prices rose .8 per cent, a slower pace than the July increase of 1.2 per cent, but still high by historical standards.

The continuing surge in prices at both the wholesale and retail levels over the last two months has renewed fears of resurging inflation. However, administration economists insist that while the next few months will continue to bring high prices, the inflation rate will soon moderate.

The number of Americans without jobs in August numbered 7.8 million, unchanged from July but down 410,000 from the peak level reached in the second quarter.

Both the jobless rate and the actual number of unemployed were unchanged from July, a surprise to ad-

ministration economists who were expecting a slight increase in unemployment.

Government analysts said the jobless rate would have declined last month had the drop in joblessness of adult men not been offset by an increase in teen-age unemployment.

The jobless rate for adult men dropped from 7 per cent to 6.6 per cent. The rate for adult women was little changed over the month at 7.7 per cent.

But in contrast, the jobless rate for teen-agers, which fell in July to 19.1 per cent, rose to 21.1 per cent in August.

The Labor Department reported that employment increased in nearly three-fourths of the 172 industries measured by the Bureau of Labor Statistics.

Among the major industry divisions, the largest increases occurred in manufacturing, where employment rose by 210,000. Major gains also were reported in construction, which suffered severely during the recession, and in the service industries.

Teacher Strikes Grow Worse

By JAMES M. DONNA
Associated Press Writer

Nearly a million school children in 11 states were locked out of the classroom again today as teachers, striking for more money and other benefits, paced the picket line while negotiations with school officials remained stalemated.

Scattered settlements were reported Thursday in several states, but teachers were still boycotting classes in parts of California, Delaware, Illinois, Massachusetts, Michigan, Montana, New Jersey, New York,

Pennsylvania, Rhode Island and Washington.

The gripes which kept the teachers out of the classrooms included wages, class size, cost-of-living increases, and fringe benefits.

The hardest hit states were Illinois, where 530,000 pupils in Chicago were affected, and Pennsylvania, where more than 200,000 children were out of school.

Chicago's public school system remained closed today for a third straight day, and Chicago Teachers

Union negotiators set noon Sunday as a new settlement deadline. If no contract agreement is reached by then, they say the walkout will continue Monday.

The teachers' strike is the fourth in the past seven school years to hit the city's 666 public schools.

After negotiations broke off late Thursday, schools Supt.-elect Joseph P. Hannon, who officially takes office later this month, expressed cautious optimism about a possible settlement before the Sunday deadline.

More than 22,600 pupils in Louisville, Ky., were bused to school Thursday under a court-ordered busing plan. However, the FBI has been ordered to investigate a series of scuffles and confrontations that erupted in Jefferson County on the first day of the desegregation program. Six persons were injured and 13 arrested.

In Pennsylvania, more than 200,000 pupils in 31 school districts were on an extended vacation as strikes spread to 24 more districts. Strikes shut down seven other districts earlier in the week.

About 7,500 teachers were off the job and teachers in another 121 districts worked without contracts. The state has 505 districts.

In Rhode Island, school officials from two districts went to court to get the teachers back in the classroom.

Providence Superior Court Judge John Bourcier told teachers in Pawtucket and Cumberland on Thursday to renew bargaining or "I'll have to pass on the law which is that a teacher strike is illegal."

In New York State, striking teachers in the South Colonie School District near Albany were faced with a court order to return to work.

The teachers walked off their job Thursday. It increases to five the number of New York State school districts affected by strikes.

And in Michigan, about 2,000 teachers in three Detroit area school districts with more than 55,000 pupils remained on strike today following a settlement in one district on Thursday. Some 500 teachers in East Detroit agreed on a new contract Thursday and 15,000 pupils will return to school today after a two-day strike.

In Delaware, Atty. Gen. Richard Wier hinted Thursday he might soon bring criminal charges against 1,000 striking teachers and teachers' aides who have defied a court order to return to work.

The teachers voted to strike Tuesday.

OEA To Battle School Bill Vetoes

COLUMBUS, Ohio (AP) — The Ohio Education Association will fight in court against Gov. James A. Rhodes line-item vetoes of sections in the school bill affecting teachers, its president says.

In vetoing language that would have phased down pupil-teacher ratios over a four-year period, the teachers lobby

said Rhodes had, perhaps "inadvertently," abolished current standards for classroom size.

"The governor's action—if allowed to stand—will cause larger classes, as high as 40 to 50 students in classes, instead of 25 pupils per teachers as established by the legislature," OEA president E. Wade Underwood said Thursday.

The so-called equal yield bill would have reduced the present 28.5-1 pupil teacher ratio to 25-1 by the 1978-79 school year. Rhodes said the legislature had no business dictating standards for the 1978-79 biennium.

The governor's executive assistant, Thomas J. Moyer, said he was unaware of any gubernatorial action lifting present classroom size standards. He said Rhodes had vetoed penalties to school districts for non-compliance with new pupil-teacher guidelines.

Rhodes also struck down pay raises that would have increased starting teachers salaries to \$8,400 in 1978-79 and to \$8,900 the following year. He said the legislature should not mandate pay increases that extend into the next biennium.

He let stand increases in teachers annual base pay for the current two-year period from \$6,400 to \$7,900.

The teachers lobby, representing 80,000 educators statewide contends that Rhodes overstepped his authority by issuing line-item vetoes in a non-money bill.

A governor is limited by law from vetoing individual sections of legislation which does not contain an appropriation. The actual \$2.2 billion appropriation for primary and secondary education is included in the state budget bill.

Moyer argued that the lineitem actions were valid because the equal yield measure specifies how the budget money is to be spent.

"You cannot read 155 (the budget) and know how that money is distributed," he said. "It (the school bill) tells how the money should be spent."

Historical Society Tour Of Homes Slated Sept. 14

On Sept. 14, Pickaway County Historical Society will present a Tour of Homes in Pickaway County. This is the second project developed by the society as its contribution to the American Bicentennial Celebration. There are three tours, starting at 12:30, 1:30 and 2:30 p.m. from the Clarke-May House at Scioto and Union Sts.

Reservations for the Pickaway County Historical Society Tour of Homes must be made with Miss Harriet Morris, Route 4, by Sunday. At the time the reservation is made, a preference of time must be indicated. A moderate fee will be charged to cover the cost of the tour. No private cars are permitted to make the tour which will not be repeated. Next year a similar tour will cover the county west of the Scioto River.

The first house on the tour is the only one not presently used as a residence. It is the handsome brick house at 203 S. Scioto Street, restored and converted into the law offices of Robert and Roy Huffer Jr. The first owner of the lot was Daniel Dresbach, the surveyor who laid out the city of Circleville. The house is commonly known as the William Bierce home.

The second home is the David L. Yates residence at 126 E. Mound St. It was built as a four-room cottage well over 100 years ago. Caleb Atwater visited his daughter, Lydia, when she lived here in the 1860's. Subsequent additions were made. The last one was an extra room and bath built in 1967 to replace a large, seldom-used porch.

The house is brick, painted white, and provincial in style. It still looks deceptively small from the outside, but the rooms are high-ceilinged and spacious. Known as the Judge Adkins house early in the century, it has been owned by the Yates family since 1954.

The R. E. Jones house in Saltcreek Twp. is the first of the country homes to be viewed. The first owner Henry Haller acquired the land by Congressional Grant in 1812. The house was built by Martin and Elizabeth Kirshner between 1835-1837. It passed through the hands of several owners before it became the property of R. E. Jones in 1938. The Jones family has made many restorations and improvements to the property both indoors and outdoors.

A new pond was dredged out on the site of an earlier body of water to provide fishing, swimming and ice-skating sports. Mrs. Jones designed the flower gardens, using many of the plants favored by earlier gardeners of the county. An old-fashioned herb garden lies adjacent.

The interior of the house boasts

OEA To Battle School Bill Vetoes

COLUMBUS, Ohio (AP) — The Ohio Education Association will fight in court against Gov. James A. Rhodes line-item vetoes of sections in the school bill affecting teachers, its president says.

In vetoing language that would have phased down pupil-teacher ratios over a four-year period, the teachers lobby

said Rhodes had, perhaps "inadvertently," abolished current standards for classroom size.

"The governor's action—if allowed to stand—will cause larger classes, as high as 40 to 50 students in classes, instead of 25 pupils per teachers as established by the legislature," OEA president E. Wade Underwood said Thursday.

The so-called equal yield bill would have reduced the present 28.5-1 pupil teacher ratio to 25-1 by the 1978-79 school year. Rhodes said the legislature had no business dictating standards for the 1978-79 biennium.

The governor's executive assistant, Thomas J. Moyer, said he was unaware of any gubernatorial action lifting present classroom size standards. He said Rhodes had vetoed penalties to school districts for non-compliance with new pupil-teacher guidelines.

Rhodes also struck down pay raises that would have increased starting teachers salaries to \$8,400 in 1978-79 and to \$8,900 the following year. He said the legislature should not mandate pay increases that extend into the next biennium.

He let stand increases in teachers annual base pay for the current two-year period from \$6,400 to \$7,900.

The teachers lobby, representing 80,000 educators statewide contends that Rhodes overstepped his authority by issuing line-item vetoes in a non-money bill.

A governor is limited by law from vetoing individual sections of legislation which does not contain an appropriation. The actual \$2.2 billion appropriation for primary and secondary education is included in the state budget bill.

Moyer argued that the lineitem actions were valid because the equal yield measure specifies how the budget money is to be spent.

"You cannot read 155 (the budget) and know how that money is distributed," he said. "It (the school bill) tells how the money should be spent."

Markets

NEW YORK (AP) — The stock market, still preoccupied with the financial struggles of New York City, pulled back gradually in quiet trading today.

The noon Dow Jones average of 30 industrials was down 2.42 at 835.89 and losers outnumbered gainers by close to a 3-2 margin on the New York Stock Exchange.

A special session of the New York State Legislature continued to work today on a plan to deal with the city's money problems. Republican Warren Anderson, the state Senate majority leader, said there was only a "slim chance" legislation could be agreed upon in time for passage today.

At the American Stock Exchange, the market value index declined .12 to 85.72.

The morning brought a large and mixed collection of economic news.

The government reported that its wholesale price index rose at a 9.6 percent annual rate in August, down from 14.4 the month before.

Enrollments Increase In County Schools

The Pickaway County Board of Education at their regular monthly meeting was informed by Superintendent Edward Martin that county wide, student enrollments are running fairly close to the projected 7,500 students. Due to the implementation of a kindergarten program in the Teays Valley School District, their enrollment is now exceeding 3,000 students. This is an increase of approximately 200 students over the final enrollment last year. It is anticipated that approximately 100 more students will be enrolled before final enrollments. Enrollments will continue to increase in both the Logan Elm and Westfall School Districts over the next week or ten days.

The board authorized the purchase of \$6,125.00 worth of films for the media center. The money to be used is a special grant from the State Department of Education. The center is now housing approximately 900 films.

A letter from the Pickaway County Board of Health to the superintendent requesting a meeting with the county board of education and representatives of each local board to meet with the county board of health to discuss the school nursing program was presented. Superintendent Martin will contact each local school district in regard to having representatives present at the meeting on October 6, 1975 at the health department.

The board appropriated \$891.00 for the Martha Holden Jennings Foundation Fund to take care of the necessary expenses for workshops for librarians aides.

Teamster Loans Being Investigated

NAPLES, Fla. (AP) — During the past several years of tight money and record-breaking mortgage interest rates, a huge Teamsters Union pension fund and its friends offered bargain financing for buyers of individual units in a waterside condominium.

For less than 12 per cent down payment, you could, for example,

Bomb Rips Kennecott Building

SALT LAKE CITY (AP) — A bomb exploded early today in a 17th floor restroom of the Kennecott Building here, causing an estimated \$50,000 damage, authorities said. No injuries were reported.

Persons identifying themselves as members of the Weather Underground called Associated Press bureaus in Salt Lake City and San Francisco and said the bomb was aimed at the Kennecott Copper Company in protest of U.S. actions in Chile.

Ken Curtis, fire battalion chief, said the explosive apparently was wrapped in a blanket and left in a women's restroom on the 17th floor. The explosive material used was not known, Curtis said.

Curtis said the women's and a men's restroom were demolished and there was some damage to adjacent offices. Initial reports said the damage was minor.

The copper company occupies the top six floors of the 18-story building owned by Zion Security Corp., officials said.

The blast came about a half-hour after a man called The AP bureau here at 12:25 a.m. and said, "This is the Weather Underground. Tonight we bombed the Kennecott national headquarters in Salt Lake City..."

A man telephoned the AP bureau in San Francisco about the same time and also warned of the bombing. He said a copy of the full Weather Underground statement was taped inside a nearby phone booth.

A woman called the San Francisco Chronicle about 20 minutes later with a warning and directions to another copy of the statement.

"Tonight, on the second anniversary of the Fascist coup in Chile, we attack the national headquarters of Kennecott Corp. in Salt Lake City, Utah, in solidarity with the heroic revolutionary struggle of the Chilean people," the statement said.

Deer Creek Holds Duck Drawings

Deer Creek State Park, located five miles south of Mt. Sterling, will hold its annual duck blind permit drawing at the Park office Saturday at 10 a.m. The permit authorizes construction of seasonal duck blind within a reasonable distance of the state number drawn.

Hunters must be present for the drawing, and have a 1975 valid duck hunting stamp to be eligible for the drawing. A twenty (\$20) dollar deposit is required prior to issuance of the permit.

Temporary duck blinds, which are removed daily, do not require a duck blind permit from the Park. All duck blinds must maintain a distance of 150 yards apart.

For further information, contact the Park office between 8 a.m. and 5 p.m. at 869-3124 or the Ranger headquarters after 5 p.m. at 869-3508.

Superintendent Martin was authorized to continue to serve on the Legislative Committee for the Buckeye Association of School Administrators. BASA is the professional association for school superintendents and other related educational leaders in the area of school administration.

The Buckeye Association of School Administrators is celebrating its sixth year as an independent voice in educational leadership in Ohio. With more than 800 active members BASA draws membership from almost all school districts and universities in Ohio.

Mrs. Shirley Wylie was granted permission to attend the Ohio School Board Association Conference on November 10 in Columbus as a representative of the Circleville City Board of Education. Expenses will be paid by the city board.

Superintendent Martin presented the testing schedule for the administration of the Ohio Survey Tests and the Henmon-Nelson Ability Test which will be conducted in the county schools during the next month. Supervisors working out of the county office will coordinate and help administer the examinations.

A report was given to the board in regard to the county wide administrators meeting held on August 26 at which time Otti Reno, probate and juvenile judge of Pike County, was a featured speaker.

Board members present were Bonnie Hildenbrand, Wendell Evans, Harold Lindsey, and Nelson Jones.

obtain a \$22,700 resort unit overlooking a pleasant marina in the harbor of this Florida Gulf Coast community.

The Central States, Southeast and Southwest Areas Pension fund was willing to loan you the \$20,000 balance for a modest interest rate of 6 1/2 per cent. That was as much as three points lower than the going rate for conventional home mortgages during the 1972-75 period that units were available here at Cove Inn.

What's more, if you didn't care to come up with the full down payment in cash, some friends and advisers to the fund were willing to lend you most of that amount — again at the bargain 6 1/2 per cent rate.

The pension fund insures the retirement income of truck drivers who contribute to it. How well it does this depends on how successfully the monies are invested.

Low rates on loans as small as \$8,800 form a sidelight to the practices of the \$1.4 billion Central States Fund, better known for its multimillion-dollar investments in projects promoted by favored borrowers, some connected with organized crime, than for its beneficence to the average vacation home buyer.

It appears, in fact, to be the first known instance where the fund has accepted large numbers of individual mortgages.

The second-mortgage holders are a group of lawyers who advise the pension fund, plus Allen Dorfman, the wealthy insurance agent whom James R. Hoffa installed to oversee the fund when Hoffa went to jail in 1967. Dorfman himself was convicted in 1972 of accepting a \$55,000-kickback to arrange a fund loan.

The fund became involved with Cove Inn in 1964, when it obtained a \$1.35-million mortgage on the property then being held by a Miami bank. As with so many other Fund deals, the loan went bad.

At a Collier County foreclosure sale, the Fund bid \$1 million and took over the property, then being run as a motel.

For more than three years the Fund held the property as it went through a series of three-and four-figure delinquency tiffs with federal and state tax authorities.

In a series of transactions Jan. 2 and 3, 1969, the property passed through the hands of Dorfman, fund lawyer Alvin Baron, and three men in an outside law firm that advises the Fund, Morton J. Harris, Ira M. Burman and Harvey M. Silets.

The property wound up in the hands of The Cove of Naples, Inc., which paid \$1.9 million.

The Fund financed \$1.55 million of that with a 26-year loan at 6 1/2 per cent interest, and the Dorfman group took a second mortgage for \$250,000, thus enabling the buyers to take over for a \$100,000 investment.

In 1972, Cove of Naples filed a condominium declaration and began to sell its more than 100 units, plus more than 40 boat slips, mostly to buyers using Central States financing.

Set Fight Over Bingo

DAYTON, Ohio (AP) — The state attorney general filed a lawsuit Thursday to force a fundraising company to give more of the gross receipts from bingo games to charity.

Atty. Gen. William J. Brown asked the Montgomery County Common Pleas Court to order the fundraising company, Aid the American People First, Inc., and its trustees, William M. Jackson, Paul V. White and Richard F. Silvers, all of Dayton, to return a minimum of one-third of gross receipts to charities.

The prosecutor, who enforces charity laws in Ohio, contended that the company raised over \$750,000 during bingo games but has given less than \$4,000 to charity.

"Normally, the administrative costs of a bingo game should be about 60 to 70 per cent of the gross receipts," Brown said. "However, in this case the charities are getting less than one per cent of the gross and we don't think that's nearly enough."

Taxus Symposium Set At Ag Center

WOOSTER, Ohio (AP) — An international taxus symposium will be conducted at the Ohio Agricultural Research and Development Center on Oct. 1.

Yews, or taxus, are the darkest green of all evergreen shrubs and trees. They flourish in many kinds of soil and withstand clipping and pruning.

The symposium will deal primarily with a technical nature and summarize the 35 years of work with yews at the center.

Leaving the Minshall house, the tour continues through Whisler to view the Presbyterian Church, one of the oldest in the county, having been built in 1860 on land given by William and Elizabeth Whisler. Two beautiful windows are in place, the first dedicated to the memory of Ovid and Catherine Lutz and the other to the Reverend Michael Dent, pastor of the church from 1863-1895.

Tap Root, the home of Robert and Wanda Kitchen, is one of the old homes in the county which reflect the influence of Southern architecture. It has a large, second-story open porch and extensive ornamental plaster work on the ceilings of the lower floor, indicative of that period of gracious living. The woodwork is cherry and black walnut and the windows, shutters, stone porch, and doorknobs are all original. This house is also associated with the Lutz family.

Driver Cited In Car-Bus Collision

Sixty-year-old Pearl Welch, Route 2, Ashville, was cited for failure to yield the right of way when he was involved in a car-bus accident, 8:09 a.m. Thursday, investigated by Sheriff's Deputy William Carmeans.

John Alfred Lewis, 51, Route 1, Williamsport, driving a school bus, was southbound on Messmore Road approaching the intersection of Carpenter Road. Welch, stopped on Carpenter Road, was attempting to make a left turn onto Messmore Road. Continuing the turn he pulled into the path of the bus.

Neither driver nor the 31 students on the bus were injured.

Business News

Quality Farm & Fleet, Inc., a Muskegon, Mich. firm, with a store in Pickaway County, has broken ground for a new distribution center in Findlay, Ohio. The site is a 17.6-acre tract which includes property for future expansion of the facilities plus a rail siding for handling rail car deliveries in the future. The distribution center will be 128,000 square feet and will contain 3,232,000 cubic feet.

The firm is a general merchandise discounter and the Center will serve its 19 outlets in Ohio, Indiana, and Michigan. The \$7.5 million investment will include the building project and its inventory when the Center is in full operation.

Excavating and site preparation plans are being completed, and work is due to begin in two weeks. The facility is expected to begin operation in mid-1976.

Church, now abandoned. A lane leads back from the church to the Stumpf Cemetery, one of the oldest in the county, with the earliest tombstones bearing the names of the first pioneer settlers.

The tour detours a bit here to drive through Tarlton to see the Zane Trace marker, the old Methodist Church, reputedly the oldest active Methodist congregation in this area, as well as the sites of taverns and homes built for the accommodation of the stagecoach travellers on the Zane Trace.

The last residence on the tour is in Walnut township, the home of Mr. and Mrs. H. M. Everhart. The old brick homestead was originally built by S. J. Ward.

When the Everharts remodelled the house in 1966, every effort was made to preserve the charm and character of the original structure, while providing more and better storage area and other changes to answer modern necessities. Traditional furnishings with a few antiques maintain the atmosphere and quality of a former period.

The tour returns to Circleville by way of Stage's Pond. Stage's Pond is an ancient kettlehole, left behind by the Wisconsin Glacier 14,000 years ago. Now preserved by the Parks Division of the Ohio Conservation Department, it is widely known as a wild bird sanctuary, especially attractive to waterfowl.

Markets

NEW YORK (AP) — The stock market, still preoccupied with the financial struggles of New York City, pulled back gradually in quiet trading today.

The noon Dow Jones average of 30 industrials was down 2.42 at 835.89 and losers outnumbered gainers by close to a 3-2 margin on the New York Stock Exchange.

A special session of the New York State Legislature continued to work today on a plan to deal with the city's money problems. Republican Warren Anderson, the state Senate majority leader, said there was only a "slim chance" legislation could be agreed upon in time for passage today.

At the American Stock Exchange, the market value index declined .12 to 85.72.

The morning brought a large and mixed collection of economic news.

The government reported that its wholesale price index rose at a 9.6 per cent annual rate in August, down from 14.4 the month before.

Bomb Rips Kennecott Building

SALT LAKE CITY (AP) — A bomb exploded early today in a 17th floor restroom of the Kennecott Building here, causing an estimated \$50,000 damage, authorities said. No injuries were reported.

Persons identifying themselves as members of the Weather Underground called Associated Press bureaus in Salt Lake City and San Francisco and said the bomb was aimed at the Kennecott Copper Company in protest of U.S. actions in Chile.

Ken Curtis, fire battalion chief, said the explosive apparently was wrapped in a blanket and left in a women's restroom on the 17th floor. The explosive material used was not known, Curtis said.

Curtis said the women's and a men's restroom were demolished and there was some damage to adjacent offices. Initial reports said the damage was minor.

The copper company occupies the top six floors of the 18-story building owned by Zion Security Corp., officials said.

The blast came about a half-hour after a man called The AP bureau here at 12:25 a.m. and said, "This is the Weather Underground. Tonight we bombed the Kennecott national headquarters in Salt Lake City."

A man telephoned the AP bureau in San Francisco about the same time and also warned of the bombing. He said a copy of the full Weather Underground statement was taped inside a nearby phone booth.

A woman called the San Francisco Chronicle about 20 minutes later with a warning and directions to another copy of the statement.

"Tonight, on the second anniversary of the Fascist coup in Chile, we attack the national headquarters of Kennecott Corp. in Salt Lake City, Utah, in solidarity with the heroic revolutionary struggle of the Chilean people," the statement said.

Deer Creek Holds Duck Drawings

Deer Creek State Park, located five miles south of Mt. Sterling, will hold its annual duck blind permit drawing at the Park office Saturday at 10 a.m. The permit authorizes construction of seasonal duck blind within a reasonable distance of the state number drawn.

Hunters must be present for the drawing, and have a 1975 valid duck hunting stamp to be eligible for the drawing. A twenty(\$20) dollar deposit is required prior to issuance of the permit.

Temporary duck blinds, which are removed daily, do not require a duck blind permit from the Park. All duck blinds must maintain a distance of 150 yards apart.

For further information, contact the Park office between 8 a.m. and 5 p.m. at 869-3124 or the Ranger headquarters after 5 p.m. at 869-3508.

Superintendent Martin was authorized to continue to serve on the Legislative Committee for the Buckeye Association of School Administrators. BASA is the professional association for school superintendents and other related educational leaders in the area of school administration.

The Buckeye Association of School Administrators is celebrating its sixth year as an independent voice in educational leadership in Ohio. With more than 800 active members BASA draws membership from almost all school districts and universities in Ohio.

Mrs. Shirley Wylie was granted permission to attend the Ohio School Board Association Conference on November 10 in Columbus as a representative of the Circleville City Board of Education. Expenses will be paid by the city board.

Superintendent Martin presented the testing schedule for the administration of the Ohio Survey Tests and the Henmon-Nelson Ability Test which will be conducted in the county schools during the next month. Supervisors working out of the county office will coordinate and help administer the examinations.

A report was given to the board in regard to the county wide administrators meeting held on August 26 at which time Otti Reno, probate and juvenile judge of Pike County, was a featured speaker.

Board members present were Bonnie Hildenbrand, Wendell Evans, Harold Lindsey, and Nelson Jones.

obtain a \$22,700 resort unit overlooking a pleasant marina in the harbor of this Florida Gulf Coast community.

The Central States, Southeast and Southwest Areas Pension fund was willing to loan you the \$20,000 balance for a modest interest rate of 6 1/2 per cent. That was as much as three points lower than the going rate for conventional home mortgages during the 1972-75 period that units were available here at Cove Inn.

What's more, if you didn't care to come up with the full down payment in cash, some friends and advisers to the fund were willing to lend you most of that amount — again at the bargain 6 1/2 per cent rate.

The pension fund insures the retirement income of truck drivers who contribute to it. How well it does this depends on how successfully the monies are invested.

Low rates on loans as small as \$8,800 form a sidelight to the practices of the \$1.4 billion Central States Fund, better known for its multimillion-dollar investments in projects promoted by favored borrowers, some connected with organized crime, than for its beneficence to the average vacation home buyer.

It appears, in fact, to be the first known instance where the fund has accepted large numbers of individual mortgages.

The second-mortgage holders are a group of lawyers who advise the pension fund, plus Allen Dorfman, the wealthy insurance agent whom James R. Hoffa installed to oversee the fund when Hoffa went to jail in 1967. Dorfman himself was convicted in 1972 of accepting a \$55,000-kickback to arrange a fund loan.

The fund became involved with Cove Inn in 1964, when it obtained a \$1.35-million mortgage on the property then being held by a Miami bank. As with so many other Fund deals, the loan went bad.

At a Collier County foreclosure sale, the Fund bid \$1 million and took over the property, then being run as a motel.

For more than three years the Fund held the property as it went through a series of three-and four-figure delinquency tiffs with federal and state tax authorities.

In a series of transactions Jan. 2 and 3, 1969, the property passed through the hands of Dorfman, fund lawyer Alvin Baron, and three men in an outside law firm that advises the Fund, Morton J. Harris, Ira M. Burman and Harvey M. Silets.

The property wound up in the hands of The Cove of Naples, Inc., which paid \$1.9 million.

The Fund financed \$1.55 million of that with a 26-year loan at 6 1/2 per cent interest, and the Dorfman group took a second mortgage for \$250,000, thus enabling the buyers to take over for a \$100,000 investment.

In 1972, Cove of Naples filed a condominium declaration and began to sell its more than 100 units, plus more than 40 boat slips, mostly to buyers using Central States financing.

Set Fight Over Bingo

DAYTON, Ohio (AP) — The state attorney general filed a lawsuit Thursday to force a fundraising company to give more of the gross receipts from bingo games to charity.

Atty. Gen. William J. Brown asked the Montgomery County Common Pleas Court to order the fundraising company, Aid the American People First, Inc., and its trustees, William M. Jackson, Paul V. White and Richard F. Silvers, all of Dayton, to return a minimum of one-third of gross receipts to charities.

The prosecutor, who enforces charity laws in Ohio, contended that the company raised over \$750,000 during bingo games but has given less than \$4,000 to charity.

"Normally, the administrative costs of a bingo game should be about 60 to 70 per cent of the gross receipts," Brown said. "However, in this case the charities are getting less than one per cent of the gross and we don't think that's nearly enough."

Taxus Symposium Set At Ag Center

WOOSTER, Ohio (AP) — An international taxus symposium will be conducted at the Ohio Agricultural Research and Development Center on Oct. 1.

Yews, or taxus, are the darkest green of all evergreen shrubs and trees. They flourish in many kinds of soil and withstand clipping and pruning.

The symposium will deal primarily with a technical nature and summarize the 35 years of work with yews at the center.

The yard is filled with beautiful trees, bountiful fruit trees and flowers. There is a magnificent view of the countryside.

Leaving the Minshall house, the tour continues through Whisler to view the Presbyterian Church, one of the oldest in the county, having been built in 1860 on land given by William and Elizabeth Whisler. Two beautiful windows are in place, the first dedicated to the memory of Ovid and Catherine Lutz and the other to the Reverend Michael Dent, pastor of the church from 1863-1895.

Tap Root, the home of Robert and Wanda Kitchen, is one of the old homes in the county which reflect the influence of Southern architecture. It has a large, second-story open porch and extensive ornamental plaster work on the ceilings of the lower floor, indicative of that period of gracious living. The woodwork is cherry and black walnut and the windows, shutters, stone porch, and doorknob are all original. This house is also associated with the Lutz family.

Directly across the road from the Kitchen house is the old Stumpf

Church, now abandoned. A lane leads back from the church to the Stumpf Cemetery, one of the oldest in the county, with the earliest tombstones bearing the names of the first pioneer settlers.

The tour detours a bit here to drive through Tarlton to see the Zane Trace marker, the old Methodist Church, reputedly the oldest active Methodist congregation in this area, as well as the sites of taverns and homes built for the accommodation of the stagecoach travellers on the Zane Trace.

The last residence on the tour is in Walnut township, the home of Mr. and Mrs. H. M. Everhart. The old brick homestead was originally built by S. J. Ward.

When the Everharts remodelled the house in 1966, every effort was made to preserve the charm and character of the original structure, while providing more and better storage area and other changes to answer modern necessities. Traditional furnishings with a few antiques maintain the atmosphere and quality of a former period.

The tour returns to Circleville by way of Stage's Pond. Stage's Pond is an ancient kettlehole, left behind by the Wisconsin Glacier 14,000 years ago. Now preserved by the Parks Division of the Ohio Conservation Department, it is widely known as a wild bird sanctuary, especially attractive to waterfowl.

Questions
Answered

EDITOR'S NOTE: Each week the Herald publishes a series of questions and answers of interest to veterans. These questions and answers are some of the many presented to James P. Shea, Pickaway County Veterans Service Officer, in the basement of the Pickaway County Court House.

(Q.) I thought that all veterans with a service connected disability compensation were supposed to get an increase in their checks this month. I received my check yesterday and it was not increased. Why?

(A.) It is true, the President did sign the bill which granted an increase to all service connected veterans and to all DIC beneficiaries. For a veteran rated less than 50 per cent, the increase is 10 per cent. For all veterans rated over 50 per cent and for all DIC beneficiaries, the increase is 12 per cent. A separate check for the amount of the increase will be mailed during the month of September. Thereafter, the new rate will be reflected in checks received the first of each month. No application is necessary. You will receive your increase automatically.

(Q.) Does this new law provide for an increase in the clothing allowance for a disabled veteran with a prosthetic appliance?

(A.) Yes. It increases the clothing allowance from \$150 to \$175 per year.

(Q.) Is it too late to file for the Viet Nam Bonus?

(A.) No. The deadline date for filing for the Ohio Vietnam Bonus is December 31, 1977.

(Q.) I'm going to attend college full time under the GI Bill this Fall. Will I be required to report my monthly benefits from the VA when filing my federal income tax return next year?

(A.) No. Income from GI Bill and other veteran's educational assistance is tax exempt, as well as many other kinds of VA benefits.

(Q.) I heard a brief announcement over the radio about a Kissinger scholarship program. Who is eligible, how much is it and from what source may full particulars be obtained?

(A.) The Kissinger Scholarship Fund was established by Dr. Henry Kissinger in honor of his parents. Persons eligible are children of service personnel officially designated as missing in action or killed in action in the Indochina theater after December 11, 1961. Awards may range up to \$1000, based on financial need. All applicants must have applied for Social Security benefits and War Orphans Educational Assistance. Complete details may be obtained by writing to: Kissinger Scholarship Program, Educational Testing Service, Box 176, Princeton, New Jersey 08540.

Warplanes For The Rising Sun

Once again, the United States is locked into competition with France, Sweden, and other European nations for aircraft sales.

Japan is replacing older fighters and each nation is seeking the \$1 billion in business. But beneath the competition itself, is the larger question of Japan's future.

Ever since World War II, Japan has had only what is described as a Self-Defense Force. This force has been growing steadily but slowly, despite opposition inside Japan.

We feel that the time has come for Japan to move from behind the U.S. nuclear shield. That shield should remain in place, but the Land of the Rising Sun must once again assume an important role in the Far East.

Japan has become one of the leading industrial nations in

the world, and could be an important help to this country in the Far East. No other nation in that area has the economic clout to assume such a role.

We do not advocate a huge arms buildup by Japan, but do feel that Japan should have a military establishment in keeping with her industrial base. Such action would help relieve the U.S. burden in an increasingly important section of the world.

Today In History

By THE ASSOCIATED PRESS

Today is Friday, Sept. 5, the 248th day of 1975. There are 117 days left in the year.

Today's highlight in history:

On this date in 1774, the first Continental Congress assembled at Carpenter's Hall in Philadelphia.

On this date:

In 1670, William Penn was arrested for holding a Quaker meeting in Grace Church in London.

In 1882, members of labor unions held the first Labor Day parade in the United States as 10,000 workmen marched in New York City with placards and banners.

In 1885, Jake Gumper of Fort Wayne, Ind., bought the first gasoline pump to be manufactured in the United States.

In 1905, the Treaty of Portsmouth, N.H., ended the Russo-Japanese war.

In 1941, during World War I, German forces captured the city of Rheims.

In 1939, the United States proclaimed neutrality in World War II.

Ten years ago: Fierce battles broke out south of Danang air base in South Vietnam.

Five years ago: American B52 bombers hit Viet Cong targets in the Mekong Delta of South Vietnam.

One year ago: British police thwarted an attempted theft of the famous Stone of Scone from Westminster Abbey.

Today's birthdays: Former Att. Gen. John N. Mitchell is 62. Movie producer Daryl Zanuck is 73.

Thought for today: Common sense is not an issue in politics — it's an affliction. Will Rogers.

Bicentennial footnote: The Continental Congress met in Philadelphia, then adjourned, from day to day, until Sept. 13, because of insufficient business.

The Sugar Curtain

By JIM BISHOP

Now and then someone pierces the Sugar Curtain and gives us a peek at Cuba. To most of us, Cuba used to be the Havana Hilton, Guantanamo, the Floridita bar, Coquina, where Fulgencio Batista lived, and Morro Castle.

Stanley Meisler was one of 30 journalists Senator George McGovern took with him to meet the Communist dictator, Fidel Castro. Meisler published his observations in "The Atlantic Monthly." From this and other gleanings I surmise that the nation is now more communist than Russia, less than China.

The shoeshine boys, the crippled beggars and the unemployed are off the streets. This may be a good thing, but most other people are off the streets too. The state confiscated private business a long time ago.

There is still a Floger's store, and a Woolworth, too. But they have little to sell. Some counters sell only East German women's stockings or plastic and rubber shoes made in Cuba. One counter sold only packets of pins; to buy one a ration card was required.

Rationing is infuriating when the state has nothing to sell. Everyone can buy two packages of cigarettes per week at 24 cents per pack. Adult Cubans can also purchase three-quarters of a pound of meat every nine days, six pounds of rice per month, a bar and a half of soap each month.

The state apparently encourages a controlled black market. If, for example, a man wants more than two packs of cigarettes a week, he may but them at \$1.93 a pack. A good cigar is unobtainable. The best are for export.

Each person can buy a quarter of a pound of bread per day, but, after 5 p.m., anyone can purchase what is left in the bakery. Cookies, salt and eggs are not rationed. Neither is shampoo.

Merchandise, as controlled by the government, is either priced too low or too high. Beef goes for 66 cents a pound, bread is 18 cents a pound, but a TV set costs \$785 and can be bought only by meritorious workers.

Men can buy shirts in three colors. Women wear slacks or the shortest miniskirts to be seen anywhere. Women do not wear false eyelashes because they are not for sale.

Meisler wrote that, in all Havana, he saw but two newsstands. What the Cuban people read is in the controlled press, or they can read Spanish translations of Russian works. Workers must devote an hour a day waiting for buses or taxis — a half-hour each way.

The people do not complain. The old ones sit quietly in the sun, dreaming and whispering. Baseball is still the major sport; admission is free. Castro maintains the old Tropicana as a nightclub for Russian tourists and workers.

In 1959, Cuba had a million illiterates. Minister of Education Jose Ramon Fernandez says that all children now attend school. University

AP Business Analyst

NEW YORK (AP) — Trying to understand the messages that are being emitted by the U.S. economy today is as difficult as deciphering an electronically scrambled telephone call.

The economic signals are scrambled too, and all you need do for verification is to read some of the forecasts being made by the esteemed economists for banks, businesses, government and consulting services.

In all of these reports, "if" becomes a mighty word. Qualifications are sprinkled throughout every paragraph. Writers caution readers against taking too literally what they have just written.

The greatest confusion seems to result from signals that show at one and the same time that the economic recovery is under way and that so also is the beginning of the next recession or the deepening of the present one.

The conflict becomes clear when you realize that the index of leading indicators has now gained an astonishing 11.5 per cent since its trough in January of this year.

This, the First National City Bank notes, "is the fastest increase on record for the first five months of any recovery since 1958."

Now look at consumer and wholesale prices. They're rising, and sharply, and that means a drag on sales. Companies that have geared up for an expanding economy could find themselves once again with big inventories.

Indeed, domestic demand for goods and services remains sluggish. A good deal of the expansion during the second quarter of the year resulted from exports. There has been no burst

in retail sales.

At the same time, interest rates are rising, and if the past experience is a criterion that's like throwing water on a fire.

Nowhere is the dampening effect more pronounced than in the housing markets. Lenders have money, but they don't want to part with it. And if they do commit themselves, they want almost impossible terms.

Mortgage rates for apartments and shopping centers showed their sharp increase in a year during August, the Advance Mortgage Corp. reports.

Advance Mortgage, which keeps a running index on interest rates throughout the country, found that the general mortgage rate for apartment house construction was 10 per cent, almost prohibitively high.

Moreover, some lenders show a preference for refinancing existing apartment houses rather than committing their funds to new construction.

What does it mean? That they can't read the signals with confidence.

America waits for the unscrambled signals but it isn't getting them. Government, academia, the consumer, business — they're all listening, listening to themselves, in effect, and remaining confused.

Protein Supplements Under Fire

WASHINGTON (AP) — The Federal Trade Commission today proposed that the \$100-million protein supplement industry be required to disclose that most Americans don't need their product and that some, especially infants, can be killed by it.

The supplements are sold in drug and discount stores and in health food shops. Most often the products are powdered soy, egg or milk protein with flavors and nutrients added.

The FTC said the products should carry a label saying: "Protein supplements are unnecessary for most Americans. The U.S. Public Health Service has determined that the daily diet of most Americans provides adequate protein."

Public and industry comments on the proposal will be received by the commission until Nov. 7, and public hearings will be announced later, a spokesman said.

In making the proposal, the FTC said most American infants consume two to four times as much protein as they need. The agency said some consume too much protein, resulting in kidney failure, coma and even death.

Serious health problems may be experienced also by children aged 1 to 3 years and persons with liver or kidney diseases if they take concentrated protein supplements which overburden the digestive and excretory organs, the FTC said.

Wayne Township elementary school opened for the first session of the school. County students attending school there would follow the Circleville school system because its high school youngsters attended Circleville High School.

Franklyn Ballard departed after a visit with his parents in Tarlton for Hollywood, Calif., to start rehearsal for the American Legion sponsored stage show "Red, White and Blue."

A new motor vehicle department policy was organized statewide to issue driver's licenses for three years instead of one year as had been the policy in the past. Charge for the new three-year document was \$1, an increase of 60 cents over the price that covered the old licenses. The first of the new licenses issued in Pickaway County went to Mrs. Ruth Neff of Route 3.

A Circleville Booster train was planned to take local football fans to the Oct. 13 Circleville game in New Boston.

Morrow County, Ohio, has a monument awarded to it by the U.S. Treasury because the county bought more war savings stamps per citizen than any other in the country.

Speaking Of Your Health

There are few more painful conditions than shingles. Tiny blisters appear in regular formation on the trunk of the body, or over the abdomen, or the chest.

Almost always it follows the course of a nerve.

Shingles is known as "herpes zoster." Sometimes it is also called "zona" because it girdles the body.

The cause of this distressing condition is an infectious virus which inflames the nerve endings. Almost always they appear a few days after very tender skin sensations occur, with a feeling of "pins and needles."

For some unknown reason, children are rarely affected with this condition, even though it is known as a communicable disease. It affects the elderly more frequently.

People who are undernourished or who are recovering from a severe, long-lasting illness are most often affected.

Treatment with cortisone and ACTH in the early stages has been beneficial in the control of shingles.

It is hoped that shingles will, before long, be prevented with a vaccine against the virus that produces it.

It is often asked if dyspepsia is a real disease or just a symptom of a stomach disorder.

The word "dyspepsia" is derived from the Greek "dys," meaning "bad," and "peptein," meaning "digestion."

The word, therefore has come to apply to almost any stomach upset associated with a sense of fullness, gas, nausea, vomiting and an acidic taste in the mouth.

Dyspepsia, at the turn of the century, was a universal and meaningless term. Even today it is used without specificity.

The self-diagnosis of dyspepsia, or indigestion, especially if it has lasted for a long time, can give one a false sense of security.

Actually, it is said that the stomach is a very good neighbor to other organs. It cries the loudest when there are diseases of the gall bladder, the liver, the pancreas and the upper intestines.

It becomes necessary, therefore, for the doctor to use his discriminating judgment in order to find the real cause for the vaguely described symptom.

Truck-Driving Grandmother Runs Porno Movie Theater

MILFORD, Iowa (AP) — The manager of a triple X movie house here is a grandmother, a retired truck driver. And she succeeded a 24-year-old Sunday school teacher and Cub Scout den mother.

"People hear where I work and say, 'Aha, you're one of those,'" says 40-year-old Dixie Murray. "But it's a job, it was available, I applied, was hired, and it's above-board."

Except for the Lakeside Drive-In, which is open only summers and features drive-in worship services on Sundays, the Strand theater is the only movie house in this northern Iowa town of 1,668.

Townpeople objected when the Strand started showing porn, and there were some attempts to block the operation.

The current showings are "Legacy of a Woman" and "More Than Just Friends." Tickets are \$4 and the theater opens to a brisk business at 11 a.m.

"I think people are getting more broad-minded," Mrs. Murray said. "Times are changing, even in Iowa. Arnold's Park (a nearby town of 970) has a massage parlor now."

Slayton Home From Hospital

HOUSTON (AP) — Astronaut Donald K. Slayton has been released from the hospital, nine days after surgeons removed a small benign tumor from his left lung.

Slayton, 51, walked from the M.D. Anderson Hospital and Tumor Institute on Wednesday and said he felt "in real good shape."

He was a crew member of the recent Soviet-American flight.

Asked if he would be healthy enough for a planned tour of the Soviet Union later this month, Slayton grinned and said: "Oh hell yes."

Singer Faces Divorce Action

LOS ANGELES (AP) — Sigmund "Jackie" Jackson of the Jackson Five singing group has been sued for divorce by his wife of nine months.

Enid Arden Jackson, 21, filed the suit Wednesday in Superior Court. She said she and her 24-year-old guitarist husband had community property worth more than \$10 million and asked the court for temporary support of \$5,000 a month.

The couple was married last November in Las Vegas and separated Aug. 16. It was the first marriage for each. They had no children.

The Jackson Five, composed of five brothers, have performed on television and in nightclubs since the late 1960s.

enrollment has jumped from 16,000 to 69,000. The population then was 6 million. It is now 9 million.

Cuba is still an economic failure in spite of Communist progress. It costs Russia \$2 million each day to keep Cuba as its showcase in the Western world. Since 1960, 452,100 Cubans — almost all of the middle and professional class — have fled to the United States.

The country lives on one crop — sugar. Who can forget Castro swinging a machete in a sugar field in 1970, vowing to have a bumper crop of 10 million tons. He exhorted all Cubans to help him.

They did. The best Cuba could do was 8,500,000 tons. The economy creaked because Cubans left other jobs to chop sugarcane. Since then, Meisler says, economic planning has been taken from Castro and placed in the

hands of President Osvaldo Dorticos and Vice Prime Minister Carlos Rafael Rodriguez. Russian technicians advise them.

Castro shows confidence in his regime when he bids the U.S. to start friendly talks. Surely the Ford government will not talk unless Castro agrees to open the doors of Cuba to refugees who would like to revisit their towns and villages. This would be his gravest threat because those people can paint life in the U.S. as bright and rewarding.

On the other hand, Castro will demand that the U.S. close its base at Guantanamo. The base is no longer of prime importance to the defense of the Panama Canal. However, Americans do not appreciate being shoved out. Vietnam and Turkey are as ashes on the tongue.

Almost always it follows the course of a nerve.

Shingles is known as "herpes zoster." Sometimes it is also called "zona" because it girdles the body.

The cause of this distressing condition is an infectious virus which inflames the nerve endings. Almost always they appear a few days after very tender skin sensations occur, with a feeling of "pins and needles."

For some unknown reason, children are rarely affected with this condition, even though it is known as a communicable disease. It affects the elderly more frequently.

People who are undernourished or who are recovering from a severe, long-lasting illness are most often affected.

Treatment with cortisone and ACTH in the early stages has been beneficial in the control of shingles.

It is hoped that shingles will, before long, be prevented with a vaccine against the virus that produces it.

It is often asked if dyspepsia is a real disease or just a symptom of a stomach disorder.

The word "dyspepsia" is derived from the Greek "dys," meaning "bad," and "peptein," meaning "digestion."

The word, therefore has come to apply to almost any stomach upset associated with a sense of fullness, gas, nausea, vomiting and an acidic taste in the mouth.

Dyspepsia, at the turn of the century, was a universal and meaningless term. Even today it is used without specificity.

The self-diagnosis of dyspepsia, or indigestion, especially if it has lasted for a long time, can give one a false sense of security.

Actually, it is said that the stomach is a very good neighbor to other organs. It cries the loudest when there are diseases of the gall bladder, the liver, the pancreas and the upper intestines.

It becomes necessary, therefore, for the doctor to use his discriminating judgment in order to find the real cause for the vaguely described symptom.

Truck-Driving Grandmother Runs Porno Movie Theater

MILFORD, Iowa (AP) — The manager of a triple X movie house here is a grandmother, a retired truck driver. And she succeeded a 24-year-old Sunday school teacher and Cub Scout den mother.

"People hear where I work and say, 'Aha, you're one of those,'" says 40-year-old Dixie Murray. "But it's a job, it was available, I applied, was hired, and it's above-board."

Except for the Lakeside Drive-In, which is open only summers and features drive-in worship services on Sundays, the Strand theater is the only movie house in this northern Iowa town of 1,668.

Townpeople objected when the Strand started showing porn, and there were some attempts to block the operation.

Man Jailed Too Long

CLEVELAND, Ohio (AP)—Officials of the Cuyahoga County sheriff's office and the county courts blamed each other Wednesday for what each acknowledged was an error that kept a man jailed nearly six months without trial.

Marvin N. Johnson, 40, was held since March 12 without seeing a lawyer or entering a plea until last month on aggravated robbery charges, more than twice as long as the law allows.

A jail spokesman said the error was in the clerk of court's office. But Samuel J. Bobko, deputy court clerk, said the sheriff's office failed to provide proper forms.

Common Pleas Court Judge Saul Stillman turned down a request from both defense and prosecution to release the prisoner after 184 days in the lockup. State law requires an inmate be brought before a judge in 90 days or be freed.

Stillman said he won't dismiss the case without an order from the Ohio Supreme Court because attorneys were using the 90-day rule as a weapon rather than as a shield for defendants' rights.

Car Sales Taxing Collectors

LITTLE ROCK, Ark. (AP) — A hint of austerity showed up in automobile and related tax collections in Arkansas during the year of the energy shortage.

Automobile sales tax collections dropped 18.9 per cent in fiscal 1974, collections on automobiles bought in other states by Arkansans dropped 12.5 per cent. While gasoline tax revenue rose, this was due to an additional one cent tax per gallon. The previous tax rate would have netted less revenue.

But Mayor Richard Klingseis says, "They're not violating the law as long as they don't allow anyone under 18 inside. And nobody's trying to drag people inside of it."

Mrs. Murray said she retired from her truck-driving job — she and her husband drove tractor-trailer rigs cross-country together — because "it's a rough job and I'm really pretty much a homebody."

"But I got bored because I don't have any little ones around anymore so I applied for the job."

Of the Strand, she says, "We get all kinds of people. Some of our nicest customers are couples in their 70s who walk out smiling and holding hands. You've really got to have something going for yourself to go to this kind of movie at their age."

The current showings are "Legacy of a Woman" and "More Than Just Friends." Tickets are \$4 and the theater opens to a brisk business at 11 a.m.

"I think people are getting more broad-minded," Mrs. Murray said. "Times are changing, even in Iowa. Arnold's Park (a nearby town of 970) has a massage parlor now."

Slayton Home From Hospital

HOUSTON (AP) — Astronaut Donald K. Slayton has been released from the hospital, nine days after surgeons removed a small benign tumor from his left lung.

Slayton, 51, walked from the M.D. Anderson Hospital and Tumor Institute on Wednesday and said he felt "in real good shape."

He was a crew member of the recent Soviet-American flight.

Asked if he would be healthy enough for a planned tour of the Soviet Union later this month, Slayton grinned and said: "Oh hell yes."

Singer Faces Divorce Action

LOS ANGELES (AP) — Sigmund "Jackie" Jackson of the Jackson Five singing group has been sued for divorce by his wife of nine months.

Enid Arden Jackson, 21, filed the suit Wednesday in Superior Court. She said she and her 24-year-old guitarist husband had community property worth more than \$10 million and asked the court for temporary support of \$5,000 a month.

The couple was married last November in Las Vegas and separated Aug. 16. It was the first marriage for each. They had no children.

The Jackson Five, composed of five brothers, have performed on television and in nightclubs since the late 1960s.

Police Hunt Loose Lions At Chardon

CHARDON, Ohio (AP) — Police from Solon, Aurora and Bainbridge and the Solon dog catcher searched wooded areas along a rural road Thursday after an auto repairman reported seeing a lion.

Nineteen-year-old Gary Rivett told police the lion went to a trash bin and started foraging. Rivett said he grabbed a wrench and started toward the big cat but turned and ran when the animal raised a paw and made a noise.

He said he knows a lion when he sees one, and this one went back into the woods.

Later, police received an anonymous phone call saying two lions were seen at Grantwood Recreation Park about half a mile from the first sighting.

A light plane was brought in from Ashtabula and circled the area but no further sightings were reported.

Grantwood Park golf pro Robert Garrett said he warned people all afternoon about the loose lion report.

"I told people if they find them, let the lions play through," Garrett said.

Solon Police Lt. Eugene Ockunzzi said he wasn't ready to call it a hoax. Said Ockunzzi, "Last summer we captured a puma running down Minnehaha Springs Drive. I didn't know there was one in captivity here until it escaped from the owner."

Long Walkout Finally Ended

LEXINGTON, Ohio (AP) — A seven-month strike over wages and working conditions at Essex International ended Wednesday when members of Local 708 of the International Brotherhood of Electrical Engineers voted to accept a new contract.

Local President Gail Werner declined comment on the vote or the ratified agreement. He said union members are available to work as they are called back by the company.

The strike began Feb. 2 and has been punctuated by several incidents on the picket lines as nonunion people went to work to keep the plant operating during the strike. The company makes electrical parts.

Good Nut Crop To Aid Hunting

COLUMBUS, Ohio (AP) — An abundant nut crop this year will result in excellent hunting as this year's squirrel season opens today, the chief of the state Division of Wildlife says.

Squirrel season runs from Sept. 5 through Nov. 8 on private lands and Sept. 5 through Dec. 20 on state hunting areas.

Hunting is prohibited during the deer gun season and the primitive weapons season at Salt Fork and Wolf Creek wildlife areas.

CITATION TO CHILDREN AND PARENT BY PUBLICATION

Case Nos. JUV 329 and 330

COURT OF COMMON PLEAS JUVENILE DIVISION

The State of Ohio, Pickaway County:

In the Matter of Brian Smith and Teresa Smith

Alleged Dependent Children

Said Patricia Smith, the mother of said children and any other person having custody or control of said children or with whom the same may be, to personally be and appear with said children before the Judge of the Juvenile Court on the 12th day of September, 1975, at 10:00 o'clock A.M. at the Court House in said County in the matter of said children and this shall be in no wise omit under penalty of the law. A person so cited, and failing to appear may be punished as in any other cases for contempt of court.

The nature of the complaints in the cases is as follows: that the conditions and environment is such as to warrant the State in the interests of the children in assuming guardianship.

A prayer is made for Permanent custody. Permanent custody divests the parents of all legal rights and privileges if granted.

In Testimony Whereof, I have hereunto set my hand and affixed the seal of said court this 26th day of August, 1975.

Rhodes, Brown On Same Side

By THE ASSOCIATED PRESS
Ohio Gov. James A. Rhodes, a strapping 65-year-old, and youthful Atty. Gen. William J. Brown, not known for his height, recently joined for a news conference to announce the signing of a new drug law.

"I don't want anyone to believe this

is the odd couple," said Rhodes, a Republican. "We're not at odds over this bill."

Brown, a 34-year-old Democrat, agreed, adding: "He may name me lottery director today."

Two of Rhodes' appointees as lottery director had just quit within a week

when the signing came.

Residents of Portsmouth, Ohio, may have good reason to grumble about delays in mail they send for local area delivery. Except for some special mail, all correspondence originating in Portsmouth is trucked to a postal sorting center in Chillicothe, 50 miles to the north. Hopefully, it is returned overnight for city delivery.

Sending a letter to South Portsmouth, Ky., a half-mile across the Ohio River is more complicated.

"It goes to Chillicothe for sorting," complained one Portsmouth resident, "is trucked to Cincinnati, transferred to another truck for Ashland, Ky., then relayed to South Portsmouth."

"I'd be better off to tie a rock on the letter and throw it across the river."

Ambassador to India William B. Saxbe should be well fixed for chewing tobacco during his current stay in the country.

During a visit to his hometown of Mechanicsburg last June, Saxbe ordered 12 gross, pocket-sized cuts of tobacco from a local bar.

The bartender said the order "really shook up" a vendor until the reason was explained.

Saxbe had the cartons of tobacco picked up before he headed back to India.

News Of Interest To Women

6 The Circleville Herald, Friday September 5, 1975

Miss Nancy Marie Fogler Bride Of Jeffrey J. Hill

MR. AND MRS. JEFFREY J. HILL

The wedding of Miss Nancy Marie Fogler and Mr. Jeffrey Jay Hill took place 6:30 p.m., Aug. 8, at the United Methodist Church of New Holland.

The Rev. R. C. McDowell officiated the double ring service for the daughter of Mr. and Mrs. Loren Fogler, Route 4, and the son of Mr. and Mrs. Chester Hill, Route 5.

The altar table was centered with a large basket containing an arrangement of pink and white carnations, baby's breath and greenery. The altar vases held white gladioli and pink carnations.

The bride, given in marriage by her parents, selected for her wedding a formal length white cotton and polyester gown. Narrow lace enhanced the scoop neckline, brief sleeves, empire waistline and hemline of the gathered skirt. The bride's elbow length veil of lace was worn Madonna style and she carried a bouquet of pink carnations, baby's breath and streamers atop a white Bible. Her only jewelry was a string of pearls belonging to her mother.

The bride is a 1971 graduate of Laurelville High School and is em-

played at Circleville General Electric Lamp Plant.

The bridegroom graduated from Teays Valley High School in 1971, where he was a member of the Honor Society. He is currently engaged with his father in painting and decorating.

The couple now resides at 512 Renick Ave., Circleville.

Kathryn SeEVERS Feted With Party

Mrs. Robert Nungester, 536 Mowrer Road, honored her mother, Mrs. Kathryn SeEVERS of Circleville, with a surprise birthday party on Thursday evening.

The dining room was decorated with pink and white streamers and balloons in keeping with the traditional birthday theme. Mints, nuts, punch, cake and ice cream were served by the hostess.

Present in the Nungester home for the occasion were Ethel Lemaster, Max and Alice Dean, Carey and Ruth Nungester, Mark, Michael, Ruth, Joyce and the Rev. Marion Nansil, Frances Cupp, Bud SeEVERS, Beatrice Dowden, Elizabeth Stonerock, Susan, Shawn and Jack SeEVERS; Martha, Michelle, Doug, David and Michael Stonerock, and Robin, Robbie and Cary Nungester III, and Jeff Roth.

Sending gifts were Phyllis Walters, Linda and Charlie Hill, Dick, Lawrence and Harry Cupp, and Mrs. Nellie Kneese.

Assisting Mrs. Nungester were her sister, Martha Stonerock, and Susan SeEVERS.

Club To Install 1975-76 Officers

Busy Bees To Meet

Roundtown Busy Bees Extension Club will meet 1 p.m. Tuesday in the home of Mrs. John Downs, 535 Lawnwood Court. Mrs. Lloyd Kittle will be co-hostess.

The lesson "Inexpensive Nutritious Club Snacks" will be taught by Mrs. Noble Barr.

Guild 38 Will Meet

Berger Hospital Guild 38 will meet 8 p.m. Monday at the home of Mrs. John Roll, 586 Mapleview Lane.

Senior Citizens Provide Picnic For Veterans

Twenty-one members of Pickaway Senior Center provided a picnic lunch Tuesday noon for 44 patients from two different wards of the Chillicothe Veterans Administration Hospital. The tables were set up on the top of the hill overlooking the golf course. Hamburgers and buns were furnished by the hospital and the Senior Citizens provided a wide variety of fresh vegetables and fruit, pies, cakes, cookies and cold beverages. Ice for the cold drinks was furnished by Ed Ebert who has been providing all of the ice for senior citizen events for the past three years.

Mr. Southworth was in charge of arrangements for the patients, and Jennie Eccard of the Pickaway Senior Center staff was in charge of the food arrangements, assisted by Frances Pritt. All of the baked beans were prepared by Ethel Lane.

Others attending and providing food were: Galina Ivascu, Isabella Badger, Alice Scothorn, Dorothy Smith, Nora Noise, Leona Crites, Almada Hill, Grace Streitenberger, Blanche Kerns, Florence Metzger, Edna Moon, Hazel Thornton, Beatrice Owens, Viola Rife, Florence Spangler, Pauline Pearce, Lucille Scott and Viola Hartranft.

This is the third year that this group has provided a picnic for some of the veterans. After lunch, most everyone played games with prizes being provided by the hospital staff. Arrangements are handled each year through Mrs. Wolford of the Pickaway Chapter, American Red Cross.

Nancy Ann Davis, Joseph M. Dean Plan To Marry

MISS NANCY ANN DAVIS

Mr. and Mrs. Clyde D. Davis, Route 2, Chillicothe are announcing the engagement of their daughter, Nancy Ann, to Joseph Michael Dean, 544 Nicholas Square, Circleville. Mr. Dean is the son of Mr. and Mrs. Joseph A. Dean, Route 3, Circleville.

Miss Davis graduated from Southeastern High School in 1969 and is employed by General Electric Lamp Plant in Circleville. Mr. Dean, a 1969 graduate of Teays Valley High School, is employed by RCA in Circleville.

A December open church wedding is planned.

Flower Show Planned At Veterans Hospital

A flower show will be held from 3-8 p.m., Wednesday at the Recreation Hall of Chillicothe Veterans Administration Hospital sponsored jointly by area garden clubs, plant societies and the VA Hospital.

All amateur gardeners are invited to exhibit and the public is invited to attend.

Roundtown Camping Club Spends Labor Day Weekend At Roundtown Acres Camp

Twenty-families with 65 members and guests of the Roundtown Roamers Camping Club met on Labor-Day weekend at Roundtown Acres. Orville Kempton, president, introduced the following guests, Mr. and Mrs. George Sweptson, Mr. and Mrs. Emelle Parker, Mr. and Mrs. Mike Simmons. Also present were the four members who have been seriously ill recently, Lyle Hannawalt, Orla Hockman, Mrs. Pat Sweptson, and Floyd Arledge.

Members worked on the shelter house. Donald Gatwood volunteered to get additional security lights and to wire the shelter house. Wilbur Paxton used his post-hole digger to prepare for the light poles, barn poles, and well. Orla Hockman volunteered to get a point, pipes, and a pump for the well.

Members were reminded of the fall statewide campout of the NCHA at Medina on Sept. 26, 27, and 28. Members will proceed in a caravan as usual. Because of this campout the club will meet one week early on Sept. 19, 20, and 21.

Mr. and Mrs. Donald Gatwood were elected as additional members of the float committee. Anyone having ideas for a theme is asked to contact one of the members.

Miss Lydia Delong reported on her trip to England, Scotland, and Wales this summer. One thing she missed especially was a cold drink of tea, water, or coke. The English serve all these warm and almost never use ice cubes. The weather, normally wet in August, was very dry. The English do a lot of camping. Their campers are much smaller than those of our country. Gasoline prices were \$1.50 per gallon.

She reported that the English overcook their food, and corn as we know it, is impossible to purchase. At teatime in the afternoon, cars will stop by the side of the road, the occupants will get out, produce a tiny stove, a teapot, and proceed to brew a cup of tea. The restaurant people always display a menu and the prices outside their businesses.

The farmers raise many cattle and sheep. They give daily milk deliveries, but there is no homogenized milk. Wheat, barley, and rye are the main crops.

The towns were small, and the English people were friendly and not

The Circleville Herald, Friday September 5, 1975

Miss Nancy Marie Fogler Bride Of Jeffrey J. Hill

MR. AND MRS. JEFFREY J. HILL

The wedding of Miss Nancy Marie Fogler and Mr. Jeffrey Jay Hill took place 6:30 p.m., Aug. 8, at the United Methodist Church of New Holland.

The Rev. R. C. McDowell officiated the double ring service for the daughter of Mr. and Mrs. Loren Fogler, Route 4, and the son of Mr. and Mrs. Chester Hill, Route 5.

The altar table was centered with a large basket containing an arrangement of pink and white carnations, baby's breath and greenery. The altar vases held white gladioli and pink carnations.

The bride, given in marriage by her parents, selected for her wedding a formal length white cotton and polyester gown. Narrow lace enhanced the scoop neckline, brief sleeves, empire waistline and hemline of the gathered skirt. The bride's elbow length veil of lace was worn Madonna style and she carried a bouquet of pink carnations, baby's breath and streamers atop a white Bible. Her only jewelry was a string of pearls belonging to her mother.

The bride is a 1971 graduate of Laurelville High School and is employed at Circleville General Electric Lamp Plant.

The bridegroom graduated from Teays Valley High School in 1971, where he was a member of the Honor Society. He is currently engaged with his father in painting and decorating.

The couple now resides at 512 Renick Ave., Circleville.

Kathryn Seevers Feted With Party

Mrs. Robert Nungester, 536 Mowrer Road, honored her mother, Mrs. Kathryn Seevers of Circleville, with a surprise birthday party on Thursday evening.

The dining room was decorated with pink and white streamers and balloons in keeping with the traditional birthday theme. Mints, nuts, punch, cake and ice cream were served by the hostess.

Present in the Nungester home for the occasion were Ethel Lemaster, Max and Alice Dean, Carey and Ruth Nungester, Mark, Michael, Ruth, Joyce and the Rev. Marion Nansil, Frances Cupp, Bud Seevers, Beatrice Dowden, Elizabeth Stonerock, Susan, Shawn and Jack Seevers; Martha, Michelle, Doug, David and Michael Stonerock, and Robin, Robbie and Cary Nungester III, and Jeff Roth.

Sending gifts were Phyllis Walters, Linda and Charlie Hill, Dick, Lawrence and Harry Cupp, and Mrs. Nellie Kneese.

Assisting Mrs. Nungester were her sister, Martha Stonerock, and Susan Seevers.

Club To Install 1975-76 Officers

Monrovia Garden Club will meet 8 p.m. Monday at Commercial Point United Methodist Church with Mrs. Harry Smith, Mrs. Clyde Michel and Mrs. Clara Woods, as hostesses. All members are urged to attend as new officers will be installed.

Busy Bees To Meet

Roundtown Busy Bees Extension Club will meet 1 p.m. Tuesday in the home of Mrs. John Downs, 535 Lawnwood Court. Mrs. Lloyd Kittle will be co-hostess.

The lesson "Inexpensive Nutritious Club Snacks" will be taught by Mrs. Noble Barr.

Guild 38 Will Meet

Berger Hospital Guild 38 will meet 8 p.m. Monday at the home of Mrs. John Roll, 586 Mapleview Lane.

Senior Citizens Provide Picnic For Veterans

Twenty-one members of Pickaway Senior Center provided a picnic lunch Tuesday noon for 44 patients from two different wards of the Chillicothe Veterans Administration Hospital. The tables were set up on the top of the hill overlooking the golf course. Hamburgers and buns were furnished by the hospital and the Senior Citizens provided a wide variety of fresh vegetables and fruit, pies, cakes, cookies and cold beverages. Ice for the cold drinks was furnished by Ed Ebert who has been providing all of the ice for senior citizen events for the past three years.

Mr. Southworth was in charge of arrangements for the patients, and Jennie Eccard of the Pickaway Senior Center staff was in charge of the food arrangements, assisted by Frances Pritt. All of the baked beans were prepared by Ethel Lane.

Others attending and providing food were: Galina Ivascu, Isabella Badger, Alice Scothorn, Dorothy Smith, Nora Noise, Leona Crites, Almeda Hill, Grace Streitenberger, Blanche Kerns, Florence Metzger, Edna Moon, Hazel Thornton, Beatrice Owens, Viola Rife, Florence Spangler, Pauline Pearce, Lucille Scott and Viola Hartranft.

This is the third year that this group has provided a picnic for some of the veterans. After lunch, most everyone played games with prizes being provided by the hospital staff. Arrangements are handled each year through Mrs. Wolford of the Pickaway Chapter, American Red Cross.

Nancy Ann Davis, Joseph M. Dean Plan To Marry

MISS NANCY ANN DAVIS

Mr. and Mrs. Clyde D. Davis, Route 2, Chillicothe are announcing the engagement of their daughter, Nancy Ann, to Joseph Michael Dean, 544 Nicholas Square, Circleville. Mr. Dean is the son of Mr. and Mrs. Joseph A. Dean, Route 3, Circleville.

Miss Davis graduated from Southeastern High School in 1969 and is employed by General Electric Lamp Plant in Circleville. Mr. Dean, a 1969 graduate of Teays Valley High School, is employed by RCA in Circleville.

A December open church wedding is planned.

Flower Show Planned At Veterans Hospital

A flower show will be held from 3-8 p.m. Wednesday at the Recreation Hall of Chillicothe Veterans Administration Hospital sponsored jointly by area garden clubs, plant societies and the VA Hospital.

Five Points News

By MRS. FRANCIS FURNISS

Carefree days are over for area children and they have returned to school. Empty classrooms will be filled with the chatter of pupils dressed in new back-to-school clothes and busily exchanging stories of summer fun... until teacher raps for order and commands, "All right, children, let's pay attention." And another school year has begun. Drive carefully and watch for the children.

The Five Points United Methodist Church has a new Sunday School Superintendent, Kenneth Redman. If you have been neglecting bringing your children to Sunday School, why not get started Sept. 7. We have a class and teachers for all ages with new ideas that will help them to have love for one another. Seven days without church and prayer makes one weak. We have been missing you — join with us on Sunday, and have a good day.

The Five Points United Methodist Women met Wednesday evening 8 p.m. in the church basement with Mrs. Austin Fuller and Mrs. Gladys Winfough as hostesses. All members are urged to attend.

The Senior Choir will practice Wednesday evening 7 to 8 p.m. at the Five Points United Methodist Church all interested singers of former choir members are asked to please come!

Mrs. Daryl Snelling of Galion spent the weekend with her mother, Mrs. Gladys Winfough.

The Five Points United Methodist Social Hour Club met Thursday evening in the church basement for their regular meeting. Rev. and Mrs. Larry Zellers and Mrs. E. L. Sheets were hostesses and a lovely covered dish dinner was enjoyed by the eighteen members present. Homemade ice cream and cake was served following the dinner.

The tables were graced with lovely arrangements of fall flowers. The meeting opened with scripture reading by Mrs. E. L. Sheets from the 24th Psalm followed by all praying the Lord's Prayer.

Roll call was answered by the members giving their favorite Bible verse and the secretary, Mrs. Francis Furniss read the minutes of the last meeting. Mrs. Clarence Finch, treasurer gave the financial report and Clarence Finch, Loring Stoer, Geraldine McCafferty and Ruth O'Day paid their birthday dues. Cards of cheer were signed to be sent to Cassia Douglas, Charles Parks and Julius Fohl, who are ill.

For the program Mrs. Finch read, "I'll Thank Him Once Again," Laura Long read, "Another Sorrow," and Ellen Dennis read, "I Might Have Known." Mrs. Zellers thanked the group again for their lovely gift and the meeting closed with prayer by Rev. Zellers.

Mr. and Mrs. Francis Furniss and Miss Laura Long will be hostesses for the September meeting.

Mrs. Sherman Furniss returned to her home in Clarksburg Tuesday afternoon after spending the past weekend with Mr. and Mrs. Francis Furniss and family.

Mrs. Ivor Douglas entered Doctor's Hospital West Thursday for observation and possible surgery. Let's remember her with cards of cheer.

Mr. and Mrs. Francis Furniss, Miss Laura Long and Mrs. Sherman Furniss of Clarksburg visited with Mr. and Mrs. Orville Purcell in Circleville Monday afternoon. Later in the afternoon they visited with Mr. and Mrs. John Long of near East Ringgold and in the evening they called on Mrs. Bessie Hinton in Darbyville.

Mrs. Carrie McCann returned home Monday after spending several days visiting her daughter, Mrs. Ruth Stone and family in Darbyville.

The Monrovia Garden Club will meet Monday evening at the Commercial Point United Methodist Church at 8 p.m. Mrs. Harry Smith, Mrs. Clyde Michel and Mrs. Clara Woods will be hostesses. The meeting will feature Installation of officers for the coming year. All members are urged to attend.

The Parker Brigner Family Reunion was held Sunday at Deercreek Dam picnic area. A bountiful dinner was enjoyed at the noon hour and a nice time was had by all. The occasion also celebrated Mr. and Mrs. Robert E. Dennis' 27th wedding anniversary.

Mr. and Mrs. Larry Bigam, Robyn, Jackie and Brad and Mr. and Mrs. Greg Bigam of Circleville recently returned from a two weeks vacation trip through, Kentucky, Tennessee, Virginia, Maryland and Pennsylvania. They visited many places of interest including 11 Civil War Battlefields, and the historic towns of Jamestown, Williamsburg and Alexandria, Va. and Gettysburg, Pa.

While in Alexandria they spent several evenings with Mr. and Mrs. Harold Heyser and family. On their return home they spent the weekend visiting with Mr. and Mrs. Ralph Bigam and Mr. and Mrs. Jim Bigam and other relatives in Mt. Pleasant, Pa.

Episcopal Women Chafe At Curbs

NEW YORK (AP) — A "second wave" of Episcopal women is going on the offensive for the priesthood. They say that their taking of ordination vows as priests this Sunday will stir both resentment and hope.

It "will bring joy and hope to many, anger and conflict to others," the five women scheduled to participate in the controversial rite in Washington, D.C., said in a joint statement.

But they added that to continue to accept practices denying women the priesthood because of their sex is "contrary to the Gospel and destructive to our church."

The five, all of them with advanced educations and professional church experience, are to join the ranks of 11 other women irregularly ordained by

Tuesday evening dinner guests of Mr. and Mrs. Max Sheets and sons Mickey and Kenny.

Mrs. Becky VanDine and sons Donnie and Ryan and Mr. and Mrs. Ron Shipley and Chrissie and Duane were Sunday guests of Mr. and Mrs. Earl Neff and Bonnie.

Mr. and Mrs. John H. Haller spent Sunday at Rocky Fork Lake with Mr. and Mrs. Gene Fellenstein and family.

Mrs. George Kern, Kelly, Keith and George were Saturday overnight guests of Mr. and Mrs. Emery Marshall of Jacktown and on Sunday attended the Ohio State Fair.

Mr. and Mrs. John Riddle and son Scott and Miss Jill Long were Sunday afternoon guests of Mr. and Mrs. Lloyd Neff.

The Tabor Family Quartet will be singing at the Five Points Community Church Sept. 1-7 at 7:30 p.m. Lee Tabor, evangelist, will be preaching at the revival. Everyone is welcome. There were 52 present Sunday morning.

Mr. and Mrs. Joe Rogers spent last weekend in Huntington, Ind. visiting their son, Wynn Rogers and family.

Rev. and Mrs. Larry Zellers were Friday evening guests of Mr. Charles Parks and Mrs. Ellen Dennis visited with him on Saturday.

Mr. and Mrs. Robert Riley and family of Columbus, Mr. and Mrs. William Riley and family and Mr. and Mrs. Harold Brill and family of Sedalia were Sunday guests of their mother, Mrs. Bernice Riley.

Mr. and Mrs. Carroll Liston and son Kevin spent Sunday at Cedar Point.

Their guests were Mr. and Mrs. Clarence Finch, Mr. and Mrs. William Finch, Roger and Bradley, Mr. and Mrs. Eddie Saunders of Grove City, Mr. and Mrs. Tom Finch, Kim, Denny and Amy, Mr. and Mrs. Jim Armentrout and children Tammy Jo and Chad Michael, Beth Scott of Clarks Lake, Rick Hafler and Doug Williams.

Mr. and Mrs. Herman Porter have returned home from their two weeks vacation spent in Kalkaska, Mich. They were Saturday evening dinner guests of Mr. and Mrs. Arthur Dick and sons and Sunday evening dinner guests of Mrs. Joan Reid and son Bradley.

Mrs. Harry Ellis and Mr. John Ellis and daughter Betty of Columbus were Sunday afternoon guests of Mr. and Mrs. Herman Porter.

Mr. and Mrs. Herman Porter were Labor Day guests of Mrs. Bertha Porter and Miss Lillian Hess in Williamsport.

three retired bishops in Philadelphia 13 months ago.

"I think of us as the second wave," says the Rev. Betty Rosenberg, 30, a native of Wilmington, Del., who holds a doctor of ministry degree and now serves as a deacon in Washington, D.C.

Unlike the 11 ordained last year, four of the five this time have been recommended for priestly orders by their home vestries and diocesan standing committees. Lack of such recommendations in the previous case had caused wide criticism.

But the currently planned ordinations also aroused disapproval. "Tragic and saddening," said the Rev. Canon Charles H. Osborn, of Pelham Manor, N.Y., executive director of the American Church Union, the high-church Episcopal wing.

The ordaining bishop for the Washington event this Sunday is a retired prelate, the Rev. George W. Barrett, 67, former bishop of Rochester, N.Y., now of Santa Barbara, Calif.

"Successful revolutions tend to gather momentum and create greater demands for change until their objectives are achieved," says Bishop Barrett, who once headed special

church studies on women in the ministry.

"I'm sure the coming ordinations are a sign of such acceleration."

However, Washington Bishop William F. Creighton has denied permission for the ceremony, even though he favors ordination of women, and plans to start ordaining them after the 1976 Episcopal convention, whether it approves or not.

Episcopal Women Chafe At Curbs

NEW YORK (AP) — A "second wave" of Episcopal women is going on the offensive for the priesthood. They say that their taking of ordination vows as priests this Sunday will stir both resentment and hope.

It "will bring joy and hope to many, anger and conflict to others," the five women scheduled to participate in the controversial rite in Washington, D.C., said in a joint statement.

But they added that to continue to accept practices denying women the priesthood because of their sex is "contrary to the Gospel and destructive to our church."

The five, all of them with advanced educations and professional church experience, are to join the ranks of 11 other women irregularly ordained by

three retired bishops in Philadelphia 13 months ago.

"I think of us as the second wave," says the Rev. Betty Rosenberg, 30, a native of Wilmington, Del., who holds a doctor of ministry degree and now serves as a deacon in Washington, D.C.

Unlike the 11 ordained last year, four of the five this time have been recommended for priestly orders by their home vestries and diocesan standing committees. Lack of such recommendations in the previous case had caused wide criticism.

But the currently planned ordinations also aroused disapproval. "Tragic and saddening," said the Rev. Canon Charles H. Osborn, of Pelham Manor, N.Y., executive director of the American Church Union, the high-church Episcopal wing.

The ordaining bishop for the Washington event this Sunday is a retired prelate, the Rev. George W. Barrett, 67, former bishop of Rochester, N.Y., now of Santa Barbara, Calif.

"Successful revolutions tend to gather momentum and create greater demands for change until their objectives are achieved," says Bishop Barrett, who once headed special

church studies on women in the ministry.

"I'm sure the coming ordinations are a sign of such acceleration."

However, Washington Bishop William F. Creighton has denied permission for the ceremony, even though he favors ordination of women, and plans to start ordaining them after the 1976 Episcopal convention, whether it approves or not.

Outdoor Drama In Kentucky Portrays The Book Of Job

EDITOR'S NOTE: Guy H. Leatherwood, Ashville, a retired U. S. Postal Service employe, has contributed a number of articles to The Herald in the past. The following is one about his recent visit to the outdoor drama at Pine Mountain, Ky.

By GUY H. LEATHERWOOD For The Herald "I am Eliphaz the Temanite." "I am Bildad the Shuhite." "I am Zophar the Naamathite." In a clear crisp voice the friends of Job announce their arrival in the outdoor presentation of the oldest Book of the Bible at Pine Mountain, Kentucky near Pineville. Pine Mountain State Park is a perfect setting for this outdoor drama with its magnificent scenery. The Amphitheatre has a background of a sheer cliff, perhaps 150 feet high. On top of the cliff and surrounding the area is a deep forest. It is all in a very natural setting with a small pond or moat in front of the stage and between the stage and the audience. The stage itself is small and simple as becomes the presentation and is about the only man made object visible. Lights on poles at either side of the amphitheatre are controlled for maximum emphasis as the "ancient poem is celebrated in speech and song, by chant and chorus."

Nine actors appear as living mosaic figures. Their faces are painted in mosaics to match their costumes which are simply dazzling to the eye. The long glimmering robes with attached sequins glitter in lights focused on the stage. The red, gold, purple and blue costumes are truly regal in their appearance. While only nine actors are involved they are able to change parts and to adequately portray all the characters of The Book of Job.

The presentation starts at 9:30 p.m. and runs for about one hour and fifteen minutes. The reserved seats are lawn type chairs just in front of the moat. Farther back wooden benches accommodate those who have general admission seats. The amphitheatre is darkened and everything is very still. Perhaps one will see a firefly or two float by and then there will be a voice from the darkness explaining some of the Book of Job by narration and that the beginning of the production will be preceded by the blowing of the ram's horn, the same type of horn that was used around the walls of Jericho in that struggle. Then suddenly out of the darkness the ram's horn is heard and I will have to say that it is different than anything I have ever heard. There is a martial sound to it as something drawing

Homecoming Service Set At CCCU

The Williamsport Church of Christ in Christian Union will observe Homecoming Day services Sunday at the church. Special music will be provided in the morning service by Mr. and Mrs. Glen Smith. A covered dish lunch will be held at the American Legion, followed by an afternoon service. Leslie Allen of Chillicothe will provide special singing with the Rev. Fred Newsome of Springfield as the special speaker. The Rev. Thurman Duncan of Zanesville and former pastor of the church will speak in the 7:30 p.m. service.

soldiers to battle. Unique to say the least. The music out of the darkness all fits the scene exactly. Then as the narrator begins "There was a man in the land of Uz, whose name was Job:" and as Job appears there is no mistaking the central figure as he assumes the center point on the stage and from there for over an hour he certainly displays the emotions of joy and despair that mark the Book of Job as a masterpiece of human faith, devotion joy and despair and final victory which covers practically every human effort known to man. Job is ably supported in the cast by the other eight actors who by actions and inflections of their voices vividly portray all the major characters in the Book. The language of the King James version is exclusively used as befits the majesty of the production as it unfolds. Flash cameras are forbidden during the presentation but one may photograph and converse with the actors after the final action. While all outdoor theatres are, as a rule, well adapted to the theme, this one in its natural setting seems to be extremely suited to the production. It is presented during July and August nightly except Sunday and this is its sixteenth season. It has been featured at two World's Fairs - Brussels and New York. Charles Wellman, Mr. and Mrs. Harry Betz, my wife Louise and I were privileged to view this outstanding production August 20. It was a thrill indeed to hear the ram's horn calling and then to hear the sharp announcement "I am Eliphaz the Temanite." "I am Bildad the Shuhite." "I am Zophar the Naamathite."

Church Briefs

"When Jesus Comes Again" is the sermon topic for the Sunday worship service at Good Shepherd United Methodist Church. Louis Rideout will be the guest evangelist in the 10:40 a.m. Sunday service at the Circleville First Baptist Church. The sermon theme for the worship service at Trinity Lutheran Church is "As It Is." "Faith Worth Bragging About" is the sermon theme for the 9 a.m. worship service at Calvary United Methodist Church. The sermon topic for the Sunday worship service at the First Presbyterian Church is "Introducing Grace." Mr. and Mrs. Glen Smith will provide special music during a Homecoming Day service, 10:30 a.m. Sunday at the Williamsport Church of Christ in Christian Union. Northridge Church of Christ will observe Sunday School promotion Day during the morning worship service. A Singing Service will be held 7:30 p.m. Sunday at the church. Dr. Clyde Pinnell, Superintendent of the Columbus South District of the United Methodist Churches will participate in the worship services at the Community United Methodist Church.

Reception Scheduled For Superintendent

An informal reception officially welcoming the new Columbus South District Superintendent of the United Methodist Churches, Dr. and Mrs. Clyde Pinnell, will be held 3-4:30 p.m. Sunday at the Circleville Community United Methodist Church, 120 N. Pickaway St. Dr. Pinnell earned his BA and BD degrees from accredited institutions. He did his undergraduate work at Ohio State University and his graduate work at Bonebrake University. He was ordained Elder and admitted into the Ohio Annual Conference in Full Connection in 1951. Ohio Northern University conferred him with the Doctor of Divinity degree in 1966.

In June of 1975, Dr. Pinnell completed the longest pastorate in the 175-year history of the First United Methodist Church in Athens. Prior to the Athens appointment, he served for seven years as minister of Trinity UM Church in Portsmouth and the Anderson Hills UM Church in Cincinnati.

While serving in Cincinnati, he was elected president of the Tri-District Methodist Ministerial Association and moderated a religious television panel for the Cincinnati Council of Churches.

While serving at the Hilliard UM Church, Pinnell moderated a weekly television show in Columbus entitled "Faith For Today."

In the summer of 1966, he was a delegate to the World Council on Methodism, London, England and his wife, Phyllis, was a delegate to the World Family Life Conference, also held in London.

The Pinnells have two sons, Robert a 1975 graduate of Ohio State University and James, a 1969 graduate of OSU.

Members of the 65 Methodist congregations in the South District are encouraged to attend the Sunday reception.

Growing up

Look at your lanky, teen-age son! It's hard to believe that he once wore these shoes. It seems only yesterday that he was a baby, yet he himself is the best testimonial that the years have passed. Now he stands almost as tall as you. He is a fascinating maze of contradictions—an eager, lovable youngster one minute, a scowling, angry adolescent the next. It takes patience to understand a teen-ager—patience, and a lot of love. Though he strives to be adult, he is still a boy. Though he clings to childhood, he is almost "grown-up." You may not always be aware of it, but he still looks to you for many things. And he sees in you an example that he will, almost unconsciously, follow in many ways. Are you setting a good example? How about church, for instance? If you haven't been going lately, start again next Sunday for your son's sake, as well as your own. And don't forget to take him with you!

Outdoor Drama In Kentucky Portrays The Book Of Job

EDITOR'S NOTE: Guy H. Leatherwood, Ashville, a retired U. S. Postal Service employee, has contributed a number of articles to The Herald in the past. The following is one about his recent visit to the outdoor drama at Pine Mountain, Ky.

By GUY H. LEATHERWOOD

For The Herald
"I am Eliphaz the Temanite." "I am Bildad the Shuhite." "I am Zophar the Naamathite." In a clear crisp voice the friends of Job announce their arrival in the outdoor presentation of the oldest Book of the Bible at Pine Mountain, Kentucky near Pineville.

Pine Mountain State Park is a perfect setting for this outdoor drama with its magnificent scenery. The Amphitheatre has a background of a sheer cliff, perhaps 150 feet high. On top of the cliff and surrounding the area is a deep forest. It is all in a very natural setting with a small pond or moat in front of the stage and between the stage and the audience. The stage itself is small and simple as becomes the presentation and is about the only man made object visible. Lights on poles at either side of the amphitheatre are controlled for maximum emphasis as the "ancient poem is celebrated in speech and song, by chant and chorus."

Nine actors appear as living mosaic figures. Their faces are painted in mosaics to match their costumes which are simply dazzling to the eye. The long shimmering robes with attached sequins glitter in lights focused on the stage. The red, gold, purple and blue costumes are truly regal in their appearance. While only nine actors are involved they are able to change parts and to adequately portray all the characters of The Book of Job.

The presentation starts at 9:30 p.m. and runs for about one hour and fifteen minutes. The reserved seats are lawn type chairs just in front of the moat. Farther back wooden benches accommodate those who have general admission seats. The amphitheatre is darkened and everything is very still. Perhaps one will see a firefly or two float by and then there will be a voice from the darkness explaining some of the Book of Job by narration and that the beginning of the production will be preceded by the blowing of the ram's horn, the same type of horn that was used around the walls of Jericho in that struggle.

Then suddenly out of the darkness the ram's horn is heard and I will have to say that it is different than anything I have ever heard. There is a martial sound to it as something drawing

Homecoming Service Set At CCCU

The Williamsport Church of Christ in Christian Union will observe Homecoming Day services Sunday at the church.

Special music will be provided in the morning service by Mr. and Mrs. Glen Smith.

A covered dish lunch will be held at the American Legion, followed by an afternoon service. Leslie Allen of Chillicothe will provide special singing with the Rev. Fred Newsome of Springfield as the special speaker.

The Rev. Thurman Duncan of Zanesville and former pastor of the church will speak in the 7:30 p.m. service.

soldiers to battle. Unique to say the least. The music out of the darkness all fits the scene exactly.

Then as the narrator begins "There was a man in the land of Uz, whose name was Job;" and as Job appears there is no mistaking the central figure as he assumes the center point on the stage and from there for over an hour he certainly displays the emotions of joy and despair that mark the Book of Job as a masterpiece of human faith, devotion joy and despair and final victory which covers practically every human effort known to man. Job is ably supported in the cast by the other eight actors who by actions and inflections of their voices vividly portray all the major characters in the Book. The language of the King James version is exclusively used as befits the majesty of the production as it unfolds.

Flash cameras are forbidden during the presentation but one may photograph and converse with the actors after the final action. While all outdoor theatres are, as a rule, well adapted to the theme, this one in its natural setting seems to be extremely suited to the production.

It is presented during July and August nightly except Sunday and this is its sixteenth season. It has been featured at two World's Fairs — Brussels and New York.

Charles Wellman, Mr. and Mrs. Harry Betz, my wife Louise and I were privileged to view this outstanding production August 20. It was a thrill indeed to hear the ram's horn calling and then to hear the sharp announcement "I am Eliphaz the Temanite." "I am Bildad the Shuhite." "I am Zophar the Naamathite."

Church Briefs

"When Jesus Comes Again" is the sermon topic for the Sunday worship service at Good Shepherd United Methodist Church.

Louis Rideout will be the guest evangelist in the 10:40 a.m. Sunday service at the Circleville First Baptist Church.

The sermon theme for the worship service at Trinity Lutheran Church is "As It Is."

"Faith Worth Bragging About" is the sermon theme for the 9 a.m. worship service at Calvary United Methodist Church.

The sermon topic for the Sunday worship service at the First Presbyterian Church is "Introducing Grace."

Mr. and Mrs. Glen Smith will provide special music during a Homecoming Day service, 10:30 a.m. Sunday at the Williamsport Church of Christ in Christian Union.

Northridge Church of Christ will observe Sunday School promotion Day during the morning worship service.

A Singspiration will be held 7:30 p.m. Sunday at the church.

Dr. Clyde Pinnell, Superintendent of the Columbus South District of the United Methodist Churches will participate in the worship services at the Community United Methodist Church.

Reception Scheduled For Superintendent

An informal reception officially welcoming the new Columbus South District Superintendent of the United Methodist Churches, Dr. and Mrs. Clyde Pinnell, will be held 3-4:30 p.m. Sunday at the Circleville Community United Methodist Church, 120 N. Pickaway St.

Dr. Pinnell earned his BA and BD degrees from accredited institutions. He did his undergraduate work at Ohio State University and his graduate work at Bonebrake University.

He was ordained Elder and admitted into the Ohio Annual Conference in Full Connection in 1951. Ohio Northern University conferred him with the Doctor of Divinity degree in 1966.

Episcopal Church Begins Fall Schedule

St. Philip's Episcopal Church will return to its fall and winter schedule beginning with the 8 a.m. Holy Communion service followed by the 10 a.m. Family Service.

The Youth Group will meet 7 p.m. Sunday; Vestry at 7:30 p.m. Monday and the Altar Guild at 8 p.m. Wednesday.

Philip's Flock is sponsoring a September event Saturday evening.

Church School begins Sunday during the 10 a.m. Family Service with classes scheduled for children four-years-old through high school.

In June of 1975, Dr. Pinnell completed the longest pastorate in the 175-year history of the First United Methodist Church in Athens. Prior to the Athens appointment, he served for seven years as minister of Trinity UM Church in Portsmouth and the Anderson Hills UM Church in Cincinnati.

While serving in Cincinnati, he was elected president of the Tri-District Methodist Ministerial Association and moderated a religious television panel for the Cincinnati Council of Churches.

While serving at the Hilliard UM Church, Pinnell moderated a weekly television show in Columbus entitled "Faith For Today."

In the summer of 1966, he was a delegate to the World Council on Methodism, London, England and his wife, Phyllis, was a delegate to the World Family Life Conference, also held in London.

The Pinnells have two sons, Robert a 1975 graduate of Ohio State University and James, a 1969 graduate of OSU.

Members of the 65 Methodist congregations in the South District are encouraged to attend the Sunday reception.

Revival Planned

Louis Rideout will be the guest evangelist during revival services, 7:30 p.m. nightly, Sept. 7-14 at the Circleville First Baptist Church.

Growing up

Look at your lanky, teen-age son! It's hard to believe that he once wore these shoes. It seems only yesterday that he was a baby, yet he himself is the best testimonial that the years have passed. Now he stands almost as tall as you. He is a fascinating maze of contradictions—an eager, lovable youngster one minute, a scowling, angry adolescent the next.

It takes patience to understand a teen-ager—patience, and a lot of love. Though he strives to be adult, he is still a boy. Though he clings to childhood, he is almost "grown-up." You may not always be aware of it, but he still looks to you for many things. And he sees in you an example that he will, almost unconsciously, follow in many ways.

Are you setting a good example? How about church, for instance? If you haven't been going lately, start again next Sunday for your son's sake, as well as your own. And don't forget to take him with you!

RELOCATING POLES—The Nicholas Drive improvement project presents problems for utility companies, too. Here workers from the General Telephone Co. move a telephone pole that had to be relocated when the street was widened. About all of the power and phone poles on the street had to be set back to accommodate the street work.

Cincinnati Woman Wins \$300,000

CLEVELAND, Ohio (AP)—Kathleen Eppler of Cincinnati brought a whole bus load of friends up to Cleveland for Thursday night's Ohio lottery drawing and put on a show for them by winning the \$300,000 top prize.

Mrs. Eppler, a 67-year-old widow, said she chartered the bus and brought 27 friends and relatives along because "I have been out of circulation for over a year" because of an accident in which she broke a hip.

"I felt like this was a good opportunity to be with them and to share," said the Buckeye 300 winner. "We had a ball," she said of the bus ride to Cleveland. "We brought lunch and had a picnic around Columbus." The 1974 accident also cost a lot of money in medical bills, and Mrs. Eppler said the first thing she's going to do with her winnings is to "pay off my doctor bills. That's the big thing."

She said the fall came while she was leaning against a swivel rocker.

"It went one way, and I went the other."

Mrs. Eppler said she might use some of the money for a vacation trip to Los Vegas to see the shows and added, "my daughter has five children; they can use a dollar."

Man Dies In Blast

CINCINNATI, Ohio (AP) — A tractor-trailer rig overturned and exploded on I-75 Thursday, burning to death a 43-year-old Dayton man and hospitalizing another.

The victim was identified by police as Charles Ware, a passenger in the Lexington-bound produce rig. The driver of the vehicle, Robert Shoudt of Huron, Ohio, suffered burns over 50 per cent of his body and was listed in fair condition at Cincinnati General Hospital.

The mid-morning accident occurred near an exit ramp on southbound I-75, several miles north of downtown Cincinnati. All three lanes of traffic were blocked for more than an hour, police said.

The explosion shot flames 100 feet into the air, blowing a 15-foot wide hole in the roof of the tractor and gutting the inside of the cab.

Police originally reported that two men died in the accident.

WE'RE IN THE PEOPLE'S BUSINESS

Exciting things are in store at the Pickaway County Family YMCA this Fall with the opening of new classes on September 15. The brochures are at the printer and will be distributed next week.

A preview of new things to be offered will be a Yoga class, ballroom dancing, exotic island dancing, skin care and tailoring for men and for women. These are only a few of the new things offered and of course many of the old favorites are back. There has been a belly dancing class since last winter and many of the students are ready to go into Intermediate III with this class. A new beginners class will also be offered.

Dog obedience class was very popular, baton class for all ages, cooking, bridge, crochet, shorthand and typing and fitness and exercise classes of all types.

Pre-school for four year olds begins Sept. 15 and Y-Tots for three year olds will meet twice a week starting Sept. 16. A pilot class for children who will be four after September 30 has been added this year from 12:30 to 1:30 p.m. on Monday, Wednesday and Friday.

Registration may be made at any time now at the YMCA. Office hours are from 9 a.m. to 5 p.m.

Brochures will be distributed through the schools next week or may be obtained by calling the YMCA.

WE'RE IN THE PEOPLE'S BUSINESS
YMCA

Exciting things are in store at the Pickaway County Family YMCA this Fall with the opening of new classes on September 15. The brochures are at the printer and will be distributed next week.

A preview of new things to be offered will be a Yoga class, ballroom dancing, exotic island dancing, skin care and tailoring for men and for women. These are only a few of the new things offered and of course many of the old favorites are back. There has been a belly dancing class since last winter and many of the students are ready to go into Intermediate III with this class. A new beginners class will also be offered.

Dog obedience class was very popular, baton class for all ages, cooking, bridge, crochet, shorthand and typing and fitness and exercise classes of all types.

Pre-school for four year olds begins Sept. 15 and Y-Tots for three year olds will meet twice a week starting Sept. 16. A pilot class for children who will be four after September 30 has been added this year from 12:30 to 1:30 p.m. on Monday, Wednesday and Friday.

Registration may be made at any time now at the YMCA. Office hours are from 9 a.m. to 5 p.m.

Brochures will be distributed through the schools next week or may be obtained by calling the YMCA.

Kenyon Planning Medical Journal

GAMBIER, Ohio (AP) — The Psychological Record, a professional journal of psychologists, will be published at Kenyon College beginning in 1976, the school announced.

The quarterly journal carries research articles, theoretical articles and book reviews on topics in psychology.

RELOCATING POLES—The Nicholas Drive improvement project presents problems for utility companies, too. Here workers from the General Telephone Co. move a telephone pole that had to be relocated when the street was widened. About all of the power and phone poles on the street had to be set back to accommodate the street work.

Cincinnati Woman Wins \$300,000

CLEVELAND, Ohio (AP)—Kathleen Eppler of Cincinnati brought a whole bus load of friends up to Cleveland for Thursday night's Ohio lottery drawing and put on a show for them by winning the \$300,000 top prize.

Mrs. Eppler, a 67-year-old widow, said she chartered the bus and brought 27 friends and relatives along because "I have been out of circulation for over a year" because of an accident in which she broke a hip.

"I felt like this was a good opportunity to be with them and to share," said the Buckeye 300 winner. "We had a ball," she said of the bus ride to Cleveland. "We brought lunch and had a picnic around Columbus." The 1974 accident also cost a lot of money in medical bills, and Mrs. Eppler said the first thing she's going to do with her winnings is to "pay off my doctor bills. That's the big thing."

She said the fall came while she was leaning against a swivel rocker.

"It went one way, and I went the other."

Mrs. Eppler said she might use some of the money for a vacation trip to Los Vegas to see the shows and added, "my daughter has five children; they can use a dollar."

Man Dies In Blast

CINCINNATI, Ohio (AP) — A tractor-trailer rig overturned and exploded on I-75 Thursday, burning to death a 43-year-old Dayton man and hospitalizing another.

The victim was identified by police as Charles Ware, a passenger in the Lexington-bound produce rig. The driver of the vehicle, Robert Shoudt of Huron, Ohio, suffered burns over 50 per cent of his body and was listed in fair condition at Cincinnati General Hospital.

The mid-morning accident occurred near an exit ramp on southbound I-75, several miles north of downtown Cincinnati. All three lanes of traffic were blocked for more than an hour, police said.

The explosion shot flames 100 feet into the air, blowing a 15-foot wide hole in the roof of the tractor and gutting the inside of the cab.

Police originally reported that two men died in the accident.

AMUSEMENT RIDE?—No, these men aren't waiting their turn on a new amusement ride. They are General Telephone Co. employees switching lines at the Nicholas Drive improvement project. The camera angle makes them appear to be sitting on top of the revolving Union 76 sign at the corner of Nicholas Drive and Route 22.

On Books And Activities At The Library

Sayonara to summer! School has started, vacations are behind us, it's a good time to get a fresh start on a new tangent and the Pickaway County District Public Library is the place to find it. Beginning on September 8th, the winter schedule will be in effect. Library hours will be 9-9 on Monday-Thursday and 9-5 on Friday and Saturday.

If you're a Donald Westlake fan, and who isn't, you're in for a treat. This popular author turns his wit toward a monastery this time and comes up with "Brothers Keepers." It's a very funny story about Brother Benedict and his zany brown-robed friends.

Deep blue is the shade of the latest Travis McGee novel, "The Deep Blue Good-By" by John D. MacDonald has all the usual touches of the sophisticated murder novel.

Another in the long line of CIA novels is a violent and bizarre odyssey shifting from Washington to Peking and back. "Dragonfly" by K. R. Dwyer presents a conspiracy to murder the world!

India in the early 1800's is the setting for a swashbuckling adventure-romance titled "Free Lance" by George Shipway. It involves two spirited young Englishmen caught up in the color of the times.

"The Night Of The Silent Drums" by John L. Anderson is a powerful narrative based on the 1733 slave rebellion in the Virgin Islands.

Dennis Smith writes about fires from experience. "The Final Fire" is the work of this author-fireman. It's a story which could have been written from the news as striking firemen and raging fires meet head-on.

"Humboldt's Gift" by Saul Bellow portrays a young writer's admiration for an older man of letters. It's an exuberant novel filled with comic absurdities.

Charles MacKinnon has written a family saga covering the lives and loves of a great family from the time of the Crimean War to 1927. "The

Matriarch" chronicles the long, dramatic life of Janet Darling, a great beauty of the Victorian era.

Romantic suspense is the keynote of Elisabeth Ogilvie's latest novel "Where The Last Aprils Are." It's filled with mystery, mayhem and family skeletons.

"The Smuggler's Bride", a gothic by Rosalind Laker and several new Avalon romances round out the new fiction this week.

New non-fiction runs a wide gamut of topics. "Musical Stages" by Richard Rodgers is the autobiography of one of the world's most popular composers.

Two new books for the growing interest in money are: "Money" by John K. Galbraith; "The Retirement Book" by Joan Adler. The former is a course in the nature of economics in theory and practice while the latter is written as a planning guide.

A new book on TM is called "TM: Discovering Inner Energy And Overcoming Stress." Written by Bloomfield, Cain and Jaffe, it investigates the results of TM as a means of improving all aspects of life.

"The Book Of Praise" is a look at the Psalms and the Psalmists by two of America's distinguished men of letters, Mark Van Doren and Maurice Samuel.

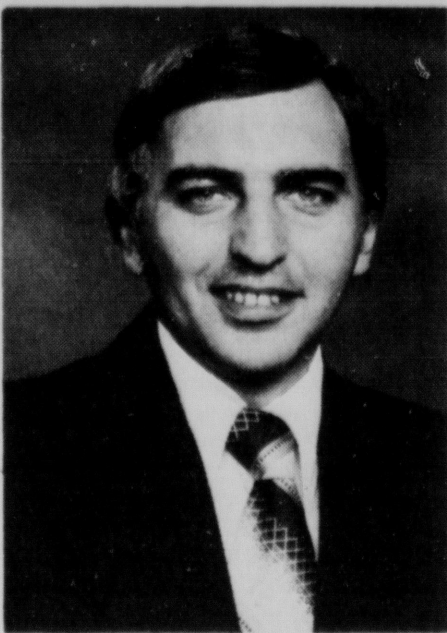

"Beast Or Angel" by Rene Dubos is an interesting dissertation on the choices that make us human and set us apart from the animal world.

Popular myths and economic realities is the subject of "Who Controls The Mass Media?" by Martin Seiden.

For the hobbyists, there's "A Modern Approach To Basketry" by Dona Meilach.

Through the generosity of the FOE, our collection of large print books has been expanded greatly. The new books are from current titles both in fiction and non-fiction.

This week, get the kids off to school and then get the library habit!

AGENT HONORED—Larry Eveland, 323 E. Main St., will be honored at a three-day convention for outstanding State Farm Insurance agents at the Fairmont Hotel in New Orleans September 10-13. State Farm President Edward B. Rust will deliver the keynote address, and agents will have the opportunity to exchange ideas and discuss industry trends in an open forum with both regional and home office executives. Convention highlights include a President's Club Luncheon and a buffet supper for leading agents. Agents and their spouses will also be guests at a banquet during the convention.

RFK Son Raps Probe

NEW YORK (AP) — Robert F. Kennedy Jr., son of the assassinated senator, says his family does not want to see the investigation of his father's death reopened.

"It's a painful thing for my entire family to see this whole thing reopened and we're satisfied with what was found," young Kennedy said Thursday in an interview. "I think they ought to drop it."

A 21-year-old Harvard College senior, Kennedy said, "I have no interest in seeing the whole case pursued, and I think I speak for the rest of my family."

Critics of the investigation say it is possible that more than one gun was fired, placing doubt on the official explanation - that Sirhan B. Sirhan acted alone as the assassin. Los Angeles police recently disclosed that officers destroyed bullet-riddled ceiling panels and other evidence they considered useless, and a judge in Los Angeles recently ordered that the Sirhan gun be retested.

Area Villages Seek EPA Pollution Control Permits

Unless an appeals hearing is requested, the Ohio Environmental Protection Agency plans to issue water pollution control permits to seven applicants, including four in the Pickaway County Area.

Communities seeking the OEPA permits, which specify and limit the discharge of pollutants into Ohio waterways, include Ashville, Orient, Mount Sterling, and Amanda.

All are for sewage treatment facilities.

The Ohio EPA's proposal to issue NPDES permits is based upon a preliminary staff review and application of state water pollution standards and regulations.

The decision to issue the permits will become final Nov. 26, unless an appeals hearing is requested by the applicant or interested citizens. The director of the agency may also withdraw and revise the proposed permits after consideration of the record of a public meeting, written comments, or disapproval by the U.S. EPA.

Written comments on the proposed permits may be submitted until August 27. Comments may be sent to the Ohio EPA, NPDES Permits Section, P.O. Box 1049, 361 E. Broad St., Columbus, Ohio 43216. The Ohio EPA permit number and the public notice number should be included on the envelope and on each page of submitted comments.

A public meeting may be held if sufficient interest about the permit is shown. Interested parties may also request an appeals hearing on the proposed permit within 30 days.

A public meeting is an informal hearing where all interested persons may present their comments. These comments will later be reviewed by the Ohio EPA before a decision is reached on issuance of the permits. An appeals hearing is a formal proceeding where all parties are represented by attorneys who present evidence supporting or objecting to issuance of permits. This testimony is reviewed by the Director of the Ohio EPA, who renders the decision in the case.

All requests for appeals must be in writing and submitted to Hearing Clerk, Ohio EPA, 361 E. Broad Street, Columbus, Ohio 43216. These requests must contain specific questions that

will be raised at the proposed hearing. The requests should also list the exact findings, orders or actions of the Agency that a party is objecting to and should also state the reasons these objections are being raised. If a party wants an appeals hearing to be held at a specific time or place, this information should also be included in the hearing request. Failure to follow these proceedings will be considered a default and the hearing request will not be processed.

All industries, municipalities, and other sources of water pollution must apply for National Pollutant Discharge Elimination System (NPDES) permits under Public Law 92-500. The permits contain compliance schedules

Camera Safari In Jamaica

PORT ANTONIO, Jamaica (AP) — A "Camera Safari" is the Jamaica Tourist Board's latest tourist activity in Port Antonio.

The safari is a 2½-hour guided horseback ride into the Blue Mountains, through banana, sugar and coconut plantations. It includes lunch at Rafter's Rest at the mouth of the Rio Grande River and pickup at any Port Antonio hotel.

requiring the source to reduce pollutants over a specified time period and enables any concerned citizen to find out what is being discharged and what is required of the facility. Ohio received authorization to issue the water pollution control permits from the federal government March 11.

Social Security Benefits Aid Pickaway Countians

Social security benefits were being paid to residents of Pickaway County at a rate of \$742,000 a month at the close of 1974, Harry B. Bieber, social security manager in Chillicothe, said today.

Of the social security beneficiaries living in Pickaway County, 2,785 are retired workers and their dependents. Another 1,445 are receiving benefits as the survivors of workers who have died, and 735 are getting benefits as disabled workers or their dependents.

Bieber pointed out that although most social security beneficiaries are older people, about one out of every four is under age 60.

In Pickaway County, 1,705 people under age 60 are collecting social security payments each month. Nearly 650 are under age 18, receiving payments because a working father or mother has died or is getting social security disability or retirement benefits. Most of the 115 beneficiaries in Pickaway County between 18 and 22 years of age, are getting student's benefits under a provision in the social security law permitting the continuation of a child's benefits beyond his 18th birthday, and up to age 22, if the child is attending school full-time.

Also in this 18-22 group, Bieber said, are some other types of beneficiaries, illustrating the broad family protection that the social security program provides workers of all ages. Some are children of retired, disabled, or deceased workers who became disabled before they reached 22 and

who will probably never be able to work and become self-supporting. The monthly benefits of these young people, severely handicapped by physical or mental disabilities, will continue indefinitely. Benefits are also payable to the mother if the disabled son or daughter is in the mother's care.

Another relatively small but significant group of youthful social security beneficiaries are those who receiving benefits as disabled workers.

Beginning with the checks beneficiaries received in July, 1975, social security benefits have increased eight per cent.

Goodyear Faces Patent Dispute

DENVER, Colo. (AP) — Attorneys for the Goodyear Tire & Rubber Co. said they will appeal a \$19.6 million judgment returned against the Akron, Ohio-based firm Thursday.

A U.S. District Court jury ruled in a case charging Goodyear with infringing the trademark of Big O Tire Dealers, Inc.

Big O, a Denver-based tire marketing company serving about 200 dealers, mostly in the west, brought suit against Goodyear last November, claiming Goodyear infringed a trademark by nicknaming a tire "Big Foot."

Fish Kill Fines Received By State

COLUMBUS, Ohio (AP) — The Department of Natural Resources received \$2,716.16 in August as payment for fish and other wildlife killed by pollution in Ohio's waterways.

The City of Galion paid \$1,991.16 for 8,642 fish killed as the result of effluent entering the Olentangy River in 1973 from the city's sewage system.

Schwerman Trucking Co. of Lima paid \$725 for 836 fish and other animals killed when diesel fuel entered a tributary of Lost Creek in 1973.

The decision to issue the permits will become final Nov. 26, unless an appeals hearing is requested by the applicant or interested citizens. The director of the agency may also withdraw and revise the proposed permits after consideration of the record of a public meeting, written comments, or disapproval by the U.S. EPA.

Written comments on the proposed permits may be submitted until August 27. Comments may be sent to the Ohio EPA, NPDES Permits Section, P.O. Box 1049, 361 E. Broad St., Columbus, Ohio 43216. The Ohio EPA permit number and the public notice number should be included on the envelope and on each page of submitted comments.

A public meeting may be held if sufficient interest about the permit is shown. Interested parties may also request an appeals hearing on the proposed permit within 30 days.

A public hearing is an informal hearing where all interested persons may present their comments. These comments will later be reviewed by the Ohio EPA before a decision is reached on issuance of the permits. An appeals hearing is a formal proceeding where all parties are represented by attorneys who present evidence supporting or objecting to issuance of permits. This testimony is reviewed by the Director of the Ohio EPA, who renders the decision in the case.

All requests for appeals must be in writing and submitted to Hearing Clerk, Ohio EPA, 361 E. Broad Street, Columbus, Ohio 43216. These requests must contain specific questions that

will be raised at the proposed hearing. The requests should also list the exact findings, orders or actions of the Agency that a party is objecting to and should also state the reasons these objections are being raised. If a party wants an appeals hearing to be held at a specific time or place, this information should also be included in the hearing request. Failure to follow these proceedings will be considered a default and the hearing request will not be processed.

All industries, municipalities, and other sources of water pollution must apply for National Pollutant Discharge Elimination System (NPDES) permits under Public Law 92-500. The permits contain compliance schedules

Camera Safari In Jamaica

PORT ANTONIO, Jamaica (AP) — A "Camera Safari" is the Jamaica Tourist Board's latest tourist activity in Port Antonio.

The safari is a 2½-hour guided horseback ride into the Blue Mountains, through banana, sugar and coconut plantations. It includes lunch at Rafter's Rest at the mouth of the Rio Grande River and pickup at any Port Antonio hotel.

Social Security Benefits Aid Pickaway Countians

Social security benefits were being paid to residents of Pickaway County at a rate of \$742,000 a month at the close of 1974, Harry B. Bieber, social security manager in Chillicothe, said today.

Of the social security beneficiaries living in Pickaway County, 2,785 are retired workers and their dependents. Another 1,445 are receiving benefits as the survivors of workers who have died, and 735 are getting benefits as disabled workers or their dependents.

Bieber pointed out that although most social security beneficiaries are older people, about one out of every four is under age 60.

In Pickaway County, 1,705 people under age 60 are collecting social security payments each month. Nearly 650 are under age 18, receiving payments because a working father or mother has died or is getting social security disability or retirement benefits. Most of the 115 beneficiaries in Pickaway County between 18 and 22 years of age, are getting student's benefits under a provision in the social security law permitting the continuation of a child's benefits beyond his 18th birthday, and up to age 22, if the child is attending school full-time.

Also in this 18-22 group, Bieber said, are some other types of beneficiaries, illustrating the broad family protection that the social security program provides workers of all ages. Some are children of retired, disabled, or deceased workers who became disabled before they reached 22 and

who will probably never be able to work and become self-supporting. The monthly benefits of these young people, severely handicapped by physical or mental disabilities, will continue indefinitely. Benefits are also payable to the mother if the disabled son or daughter is in the mother's care.

Another relatively small but significant group of youthful social security beneficiaries are those who receiving benefits as disabled workers.

Beginning with the checks beneficiaries received in July, 1975, social security benefits have increased eight per cent.

Goodyear Faces Patent Dispute

DENVER, Colo. (AP) — Attorneys for the Goodyear Tire & Rubber Co. said they will appeal a \$19.6 million judgment returned against the Akron, Ohio-based firm Thursday.

A U.S. District Court jury ruled in a case charging Goodyear with infringing the trademark of Big O Tire Dealers, Inc.

Big O, a Denver-based tire marketing company serving about 200 dealers, mostly in the west, brought suit against Goodyear last November, claiming Goodyear infringed a trademark by nicknaming a tire "Big Foot."

Fish Kill Fines Received By State

COLUMBUS, Ohio (AP) — The Department of Natural Resources received \$2,716.16 in August as payment for fish and other wildlife killed by pollution in Ohio's waterways.

The City of Galion paid \$1,991.16 for 8,642 fish killed as the result of effluent entering the Olentangy River in 1973 from the city's sewage system.

Schwerman Trucking Co. of Lima paid \$725 for 836 fish and other animals killed when diesel fuel entered a tributary of Lost Creek in 1973.

Willie's Dillies

By BILL MCGAFFNEY
Herald Sports Editor

Summer is gone and autumn has moved center stage. With the coming of fall, one of our favorite times of the year, football moves into the picture, and in our book this is thrill time.

Tonight the lights will go on—the fans will begin a steady flow to the stadium of their choice to watch their favorite team in action—and at 8 p.m. the whistle will blow—the foot will propel the pigskin into the air—and the past weeks of blood, sweat and tears will suddenly turn into moments of glory.

All four of our schools will swing into action tonight with Westfall hosting Berne Union, Circleville traveling to Chillicothe, Teays Valley being at Groveport and Logan Elm moving into West Jefferson.

Whether at home or away, our kids can always count on a good following because Pickaway Countians are still the best people in the world and we are not afraid to let people know it. There will be caravans of cars leaving the area in all directions tonight and when our kids take the field there will be a roar that will be a roar that will put the opposition's fans to shame.

We have been to many a game where our people actually outnumber the home fans and we know how much this means to the young men who represent us.

Football is exciting and we feel that high school football, and other sports, are the best in the business.

So, we'll be out there with the adrenalin flowing tonight and hope that the rest of you will be doing the same.

Our "fearless" forecast—Circleville will "pluck the plume" from the hat of the Cavalier . . . The Cruisers will find out that Teays Valley Vikings are bruisers . . . Westfall will "sock it" to the Rocket . . . Logan Elm will be tough on the Rough Riders . . . Graham could be the "cracker" in the World Series of Golf.

Until next time, have a nice day-be a good sport.

Teays Valley Has Good Shot At Metropolitan League Title

THE TEAYS VALLEY VIKINGS

"We are very optimistic about the coming season and feel that we have a good chance at the Metropolitan League championship," Teays Valley coach Dick Kidwell stated.

"Franklin Heights and West Jefferson look like the teams to beat but we will have two tough games under our belts, Groveport and Circleville, which should help to give us some experience before we open Metro play," Kidwell commented.

The Vikings have a 45-man squad with 13 returning lettermen, including seniors, 14 juniors and 20 sophomores.

It will be a wing T offense used by the Vikings featuring fullback bucks, sweeps and off tackle smashes with play action passes and drop back passes to keep the opposition honest.

On defense, the Blue and Gold will use a slanting 5-2 with a monster and three deep zone pass coverage. Coach Kidwell feels that the front five on the defensive unit will be the strong point of the squad. Four out of the five were starters last year, including Ken Orr who was an All-Metro League guard at Hamilton Twp. last year and now lives in the Teays Valley area.

The Vikings will display a physical offensive line with depth. They will average 192-pounds.

"We lack depth in the backfield and must overcome inexperience in our defensive secondary which is the weak points on this squad," Kidwell said.

Returning lettermen are: Joe Ehman, 5-feet-4, 128-pound, senior; Ron Foreman, 5-feet-8, 160-pound,

senior; Brad Stuthard, 6-feet, 185-pound, junior; Lloyd Windon, 6-feet, 170-pound, senior; Jim Baxter, 5-feet-11, 180-pound, senior; Ken Orr, 5-feet-9, 174-pound, senior; Lance Reese, 5-feet-7, 174-pound, junior; Mike Siriano, 5-feet-9, 190-pound, senior; Bill Toole, 6-feet-4, 228-pound senior; Scott Rader, 6-feet, 221-pound, junior; Roger Struckman, 5-feet-11, 185-pound, senior; Brad Sherman, 5-feet-11, 157-pound, senior; Mike Wilson, 6-feet, 185-pound, senior.

Other seniors on the team are: Roger Bickers, 5-feet-7, 151-pound;

John Vasko, 6-feet-4, 199-pound.

Junior members are: Greg Cline, 6-feet, 165-pound; Dewey Chaffin, 5-feet-7, 153-pound; Craig Ramey, 5-feet-9, 163-pound; Alan Williams, 5-feet-8, 153-pound; Jon Fausnaugh, 5-feet-11, 209-pound; Steve Baum, 5-feet-7, 139-pound; Ian McIlvaine, 5-feet-8, 134-pound; Jim Henderly, 5-feet-8, 171-pound; Lance Windon, 5-feet-8, 142-pound; Roy Nardi, 6-feet-1, 175-pound; Joe Berger, 6-feet-1, 192-pound.

Sophomores making a bid are: Duane Keller, 5-feet-11, 150-pound; Brian Weaver, 5-feet-6, 137-pound; Mike Fisher, 5-feet-5, 128-pound; Greg Branham, 5-feet-1, 113-pound; John Woodruff, 5-feet-4, 127-pound; Bill Dowell, 5-feet-8, 156-pound; Randy Breon, 5-feet-8, 148-pound; Dave Reese, 5-feet-7, 130-pound; Dan Schooley, 6-feet, 167-pound; Jim Orr, 5-feet-11, 188-pound; Ron Little, 5-feet-11, 190-pound; Fred Myers, 5-feet-8, 185-pound; Bill Lalik, 6-feet-1, 166-pound; Keith Peters, 5-feet-11, 175-pound; Kelly Kennedy, 5-feet-11, 225-pound; Rick Queen, 6-feet-2, 162-pound; Randy Burchwell, 6-feet-1, 154-pound; Jack Timmons, 5-feet-9, 138-pound; Greg Prince, 5-feet-6, 142-pound; Greg Moody, 6-feet, 150-pound.

Nicklaus Favored In Golf Tourney

AKRON, Ohio (AP) — Jack Nicklaus, who came within three or four strokes of destroying this event, occupies his customary position as an over-whelming favorite in the weekend World Series of Golf.

Tom Weiskopf, Tom Watson and Lou Graham offer the opposition in the 36 hole, Saturday and Sunday affair that brings together the winners of all the world's major tests of golfing greatness.

Nicklaus, a four time winner and a five time runner up in this elite event, qualified for a 10th appearance with his victories in the Masters and the PGA. And he almost made this a one man tournament.

He missed a playoff for the British Open crown, won by Watson, by a single shot. He could have won the U.S. Open with pars on his last three holes but lost to Graham by two shots. And he lost the Canadian Open—the first alternate spot—in a playoff to Weiskopf.

Provision is made for three alternates in the World Series of Golf in the event someone wins more than one of the four qualifying tournaments. But Nicklaus came within four strokes of winning all four, plus the first alternate spot—the Canadian Open.

"If he'd won all of them, plus the Canadian, I don't know what we'd have done," one tournament official said. But it didn't happen. It was close.

Big Ten Schools Eye Player Limit

CHICAGO (AP) — Big Ten schools will revert to their 54-man football travel squads if a federal court ruling disallowing the NCAA's new 48-man travel squad limit is upheld, conference officials say.

The NCAA was enjoined from enforcing the regulation by a U.S. District Court judge Wednesday in response to a suit filed by the University of Alabama.

The U.S. record \$2 win payoff occurred when Dr. Brodie returned \$1,038.60 at Marion, Ohio, on June 7, 1944.

Florida State plays seven night games this fall, five of them at home.

enough to prompt Nicklaus to call this one of his finest seasons ever, but it didn't happen. And, since it didn't happen, he comes into this one with a little something to prove.

Instead of becoming complacent, he has a point to make.

He was a little miffed about losing to Weiskopf in the Canadian. And he still smarts from Weiskopf's 1973 World Series victory, the last time either played in this event.

And so the man who is unapproached as the greatest performer of his era is in his most dangerous frame of mind—he feels he has a challenge.

"Challenge, competition is what the game is all about," Nicklaus said.

Tigers Take Tri Match

Circleville's golf team topped Columbus Wehrle and Watkins Memorial in a tri match Thursday at Groveport Country Club.

The Tigers carded 164, Watkins had 169 and Wehrle tallied 193.

Keith Sanders of Circleville was medalist with 37, consisting of six pars and a bird, Mike McCoy had three pars and a bird for 41, Dave Wylie had 43, with four pars, Mike Hamilton had a par and a bird for 43 and Mike McKelvey carded a 48.

The Tigers will compete in the Top 8 Invitational at Raymond Memorial golf course 11 p.m. Saturday.

Canal Winchester Blanks Bexley

Defending Mid State League football champion Canal Winchester, unbeaten in 10 games last year, opened the 1975 season with a 27-0 win over Bexley.

Steve Crist scored two touchdowns on runs of three and 14 yards and gained 117 yards in 12 carries. Greg Wright scored for the Indians on a 7-yard run and Rick Ross on a 19-yard pass from Scott Jordan. Extra points were a pass reception by Griffith and a kick by Blais.

The Indians gained 330 yards and held Bexley to 100 as they won their 11th consecutive game.

Circleville Boosters Set Boxing Show

Larry Cook, athletic director and head football coach at Circleville High School, showed films of the Dayton Franklin scrimmage and discussed the season opener with Chillicothe at the Circleville Athletic Booster Clubs meeting.

Marc Lackey, Booster Club president, reminded those present that orders are still being taken for Tiger Booster jackets.

Plans were discussed for the first annual invitational boxing show, sponsored by the Boosters, 7:30 p.m. Sept. 13 at the high school gym.

A 15 bout card has been arranged ranging from the 90-pound class to the heavyweight class. Amateurs from Columbus, Portsmouth and Ashland, Ky. will participate.

Tickets may be purchased from Mrs. Doris Gillespie at the high school and Booster Club members. They will also be on sale at the door beginning at 6:30 p.m.

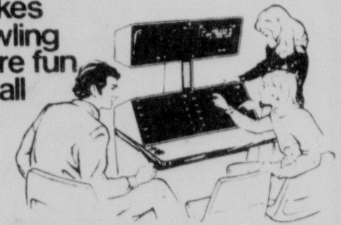

LANSDOWNE ACE—Don Price, 425 S. Washington St., made a hole-in-one at Upper Lansdowne Thursday using a 5 iron to hit the golf ball 153 yards into the cup at the fifth hole. Price was playing with George Davis and had a 43 for his 9-hole round.

He was a little miffed about losing to Weiskopf in the Canadian. And he still smarts from Weiskopf's 1973 World Series victory, the last time either played in this event.

And so the man who is unapproached as the greatest performer of his era is in his most dangerous frame of mind—he feels he has a challenge.

"Challenge, competition is what the game is all about," Nicklaus said.

Tigers Take Tri Match

Circleville's golf team topped Columbus Wehrle and Watkins Memorial in a tri match Thursday at Groveport Country Club.

The Tigers carded 164, Watkins had 169 and Wehrle tallied 193.

Keith Sanders of Circleville was medalist with 37, consisting of six pars and a bird, Mike McCoy had three pars and a bird for 41, Dave Wylie had 43, with four pars, Mike Hamilton had a par and a bird for 43 and Mike McKelvey carded a 48.

The Tigers will compete in the Top 8 Invitational at Raymond Memorial golf course 11 p.m. Saturday.

Canal Winchester Blanks Bexley

Defending Mid State League football champion Canal Winchester, unbeaten in 10 games last year, opened the 1975 season with a 27-0 win over Bexley.

Steve Crist scored two touchdowns on runs of three and 14 yards and gained 117 yards in 12 carries. Greg Wright scored for the Indians on a 7-yard run and Rick Ross on a 19-yard pass from Scott Jordan. Extra points were a pass reception by Griffith and a kick by Blais.

The Indians gained 330 yards and held Bexley to 100 as they won their 11th consecutive game.

Teays Valley Has Good Shot At Metropolitan League Title

THE TEAYS VALLEY VIKINGS

"We are very optimistic about the coming season and feel that we have a good chance at the Metropolitan League championship," Teays Valley coach Dick Kidwell stated.

"Franklin Heights and West Jefferson look like the teams to beat but we will have two tough games under our belts, Groveport and Circleville, which should help to give us some experience before we open Metro play," Kidwell commented.

The Vikings have a 45-man squad with 13 returning lettermen, including seniors, 14 juniors and 20 sophomores. It will be a wing T offense used by the Vikings featuring fullback bucks, sweeps and off tackle smashes with play action passes and drop back passes to keep the opposition honest.

On defense, the Blue and Gold will use a slanting 5-2 with a monster and three deep zone pass coverage. Coach Kidwell feels that the front five on the defensive unit will be the strong point of the squad. Four out of the five were starters last year, including Ken Orr who was an All-Metro League guard at Hamilton Twp. last year and now lives in the Teays Valley area.

The Vikings will display a physical offensive line with depth. They will average 192 pounds.

"We lack depth in the backfield and must overcome inexperience in our defensive secondary which is the weak points on this squad," Kidwell said.

Returning lettermen are: Joe Ehman, 5-foot-4, 128-pound, senior; Ron Foreman, 5-foot-8, 160-pound,

senior; Brad Stuthard, 6-foot, 185-pound, junior; Lloyd Windon, 6-foot, 170-pound, senior; Jim Baxter, 5-foot-11, 180-pound, senior; Ken Orr, 5-foot-9, 174-pound, senior; Lance Roese, 5-foot-7, 174-pound, junior; Mike Siriano, 5-foot-9, 190-pound, senior; Bill Toole, 6-foot-4, 228-pound senior; Scott Rader, 6-foot, 221-pound, junior; Roger Struckman, 5-foot-11, 185-pound, senior; Brad Sherman, 5-foot-11, 157-pound, senior; Mike Wilson, 6-foot, 185-pound, senior.

Other seniors on the team are: Roger Bickers, 5-foot-7, 151-pound;

John Vasko, 6-foot-4, 199-pound. Junior members are: Greg Cline, 6-foot, 165-pound; Dewey Chaffin, 5-foot-7, 153-pound; Craig Ramey, 5-foot-9, 163-pound; Alan Williams, 5-foot-8, 153-pound; Jon Fausnaugh, 5-foot-11, 209-pound; Steve Baum, 5-foot-7, 139-pound; Ian McIlvaine, 5-foot-8, 134-pound; Jim Henderly, 5-foot-8, 171-pound; Lance Windon, 5-foot-8, 142-pound; Roy Nardi, 6-foot-1, 175-pound; Joe Berger, 6-foot-1, 192-pound.

Sophomores making a bid are: Duane Keller, 5-foot-11, 150-pound; Brian Weaver, 5-foot-6, 137-pound; Mike Fisher, 5-foot-5, 128-pound; Greg Branham, 5-foot-1, 113-pound; John Woodruff, 5-foot-4, 127-pound; Bill Dowell, 5-foot-8, 156-pound; Randy Breen, 5-foot-8, 148-pound; Dave Rece, 5-foot-7, 130-pound; Dan Schooley, 6-foot, 167-pound; Jim Orr, 5-foot-11, 188-pound; Ron Little, 5-foot-11, 190-pound; Fred Myers, 5-foot-8, 185-pound; Bill Lalik, 6-foot-1, 166-pound; Keith Peters, 5-foot-11, 175-pound; Kelly Kennedy, 5-foot-11, 225-pound; Rick Queen, 6-foot-2, 162-pound; Randy Burchwell, 6-foot-1, 154-pound; Jack Timmons, 5-foot-9, 138-pound; Greg Prince, 5-foot-6, 142-pound; Greg Moody, 6-foot, 150-pound.

Circleville Boosters Set Boxing Show

Larry Cook, athletic director and head football coach at Circleville High School, showed films of the Dayton Franklin scrimmage and discussed the season opener with Chillicothe at the Circleville Athletic Booster Clubs meeting.

Marc Lackey, Booster Club president, reminded those present that orders are still being taken for Tiger Booster jackets.

Plans were discussed for the first annual invitational boxing show, sponsored by the Boosters, 7:30 p.m. Sept. 13 at the high school gym.

A 15 bout card has been arranged ranging from the 90-pound class to the heavyweight class. Amateurs from Columbus, Portsmouth and Ashland, Ky. will participate.

Tickets may be purchased from Mrs. Doris Gillespie at the high school and Booster Club members. They will also be on sale at the door beginning at 6:30 p.m.

LANSDOWNE ACE—Don Price, 425 S. Washington St., made a hole-in-one at Upper Lansdowne Thursday using a 5 iron to hit the golf ball 153 yards into the cup at the fifth hole. Price was playing with George Davis and had a 43 for his 9-hole round.

Dodgers Trim Cincinnati, 3-2

By KEN RAPPOPORT
AP Sports Writer

The Los Angeles Dodgers may have lost a pennant race, but they've found a pitcher.

"He's shown steady improvement over the year," Los Angeles Manager Walt Alton says of Doug Rau. "He's proven he can go nine innings. His control has been better and his changeup, too. But the big thing has been his control."

The left-hander has become one of the most vital and consistent starters on the Dodger staff and Thursday night, won his 13th game with a 3-2 victory over the Cincinnati Reds.

"You've got to have pride," said Rau, whose Dodgers are a hopeless 18½ games behind the Reds in the National League West. "It means a lot to me. At this stage of the season, beating a team that's won 92 games is

pleasing."

Rau, who equaled his career high of 13 victories, credits his strong showing of late to a restful winter. He stayed out of winter ball for the first time in three years.

"I'm stronger now," says Rau. "My arm's healthy. No doubt about that."

In the only other National League game, the Atlanta Braves whipped the San Diego Padres 2-1 and the San Francisco Giants took a 2-1 decision from the Houston Astros.

Rau pitched a four-hitter and Willie Crawford ripped a two-run homer as the Dodgers stalled the Reds' drive for the West flag. Their "magic" clinching number remained at five.

Crawford's homer keyed a three-run first inning off loser Clay Kirby, 9-5. Dave Lopes opened with a single and moved to third on an errant pickoff attempt by Kirby.

Lee Lacey singled to drive in Lopes and Crawford followed with his eighth homer of the year.

The only hit Rau allowed in the first five innings was George Foster's 22nd homer. The Reds made it 3-2 in the sixth on three straight singles by Pete Rose, Merv Rettenmund and Joe Morgan.

Braves 2, Padres 1

Run-scoring singles by Ed Goodson and Marty Perez in the ninth inning gave Atlanta its victory over San Diego. A crowd of 1,062 watched the game, lowest ever for a major league baseball contest at Atlanta. Only 1,130 turned out for Wednesday night's game between the two clubs.

Giants 2, Astros 1

John Montefusco, 13-7, notched his third straight victory with ninth-inning relief help and Steve Ontiveros and Bobby Murcer each knocked in a run as San Francisco nudged Houston.

MAC Season Opens Saturday

COLUMBUS, Ohio (AP) — Central Michigan, the national college Division II football champion last fall, will discover in a hurry how life is in the major-rated Mid-American Conference.

The Chippewas, 12-1 in 1974, step into Division I competition for the first time with 13 regulars and 30 letter winners, taking on visiting Western Michigan Saturday in the MAC's first game of the season.

Central Michigan's inaugural conference campaign calls for six league games, three of them in the first month.

"Our schedule is the toughest i school history. There's no doubt our lack of depth will be a big concern early for us," said Coach Roy Kramer.

Central Michigan has the benefit of a scheduling break. The Chippewas do not face defending champion and title favorite Miami (Ohio) or Bowling Green, another championship threat.

Five of the 10 MAC members debut Saturday with Eastern Michigan at Ball State in the afternoon and Western Carolina at Toledo at night.

Miami, Bowling Green, Kent State, Ohio University and Northern Illinois wait another week before playing.

Central Michigan, the fourthplace choice of newsmen and fifth among the coaches, have a pair of powerful running backs, Walt "Smoke" Hodges and Dick Dunham. They combined for

more than 2,600 yards and 31 touchdowns a year ago.

Western Michigan, 3-8 under Bill Doolittle in 1974, has switched to a Power I formation for new mentor Elliot Uzelac, a former Michigan aide. The Broncos' main pluses are the one-two 1974 rushers, Dan Matthews and Jim White.

Ball State's game with Eastern Michigan, ineligible in football until 1976, will not count in the standings, but Cardinals' Coach Dave McClain insisted, "We need to win to gain confidence in the conference race."

Eastern Michigan was the lone opponent to handle Ball State over the last six games last fall, taking a 17-9 verdict. Defensive back Shafer Suggs is starting his fourth consecutive season as a Ball State regular.

The Hurons lost their regular quarterback, Steve Raklovits, to a scrimmage injury, probably for the entire year. Jerry Mucha, Raklovits' 1974 alternate, has stepped into the vital position.

Toledo's fortunes will ride on the strong right arm of passing genius Gene Swick. The senior paced the nation in completion percentage (62 per cent) and total yards (2,441) a year ago for the 6-5 Rockets.

Toledo's pass protection suffered a major blow in its final scrimmage. Guard Keith Young, first team all-

conference two years ago and second team all-MAC last season, broke an arm.

The conference's anticipated leaders, Miami, Bowling Green and Kent, all are idle Saturday.

Miami's Redskins carry an unbeaten streak of 23 games into the 1975 campaign, matching national champion Oklahoma for the country's longest undefeated spell. Miami went 10-0-1 and was ranked 10th nationally in 1974, the highest rating ever for a MAC team.

"We should be in the title race," conceded Coach Dick Crum, surveying his 28 lettermen and 11 returning regulars. Gone, however, are five all-league selections.

Miami's top three groundgainers are back. Sherman Smith is launching his fourth season at quarterback, Rob Carpenter has switched from fullback to tailback and 1974 tailback Randy Walker will navigate at wingback.

Bowling Green, the second choice of the coaches and third of newsmen, has perhaps the MAC's premier runner. Tailback Dave Preston was the fifth best rusher in the nation last fall, piling up more than 1,400 yards.

With 213-pound fullback Dan Saleet also back, the Falcons again will rely on an awesome running attack, practically ignoring the pass. Bowling Green was 6-4-1 last season.

Kent State, playing under new head man Dennis Fitzgerald, has fourth-year quarterback starter Greg Kokal and a massive, veteran defensive front four of 6-3, 227 Larry Faulk, 6-3 270 Walt Vrabel, 6-5, 224 Chuck Celek and 6-1, 231 Marvin Elliott.

The Flashes, 7-4-0 last fall, lost running star Larry Poole and their entire linebacking corps. Still, they are picked to finish second in the media poll and third in the coaches' ratings.

Bill Hess, the dean of MAC coaches in his 18th Ohio University season, is counting on a bold experiment. He has switched tight end Rick Lilienthal to quarterback and said, "It's surprising how quickly he could make the adjustment."

The Bobcats return 14 starters from last year's 6-5-0 team that tied Toledo for second place in the conference.

Northern Illinois Coach Jerry Ippoliti, moving into the MAC race for the first time, will hope outstanding offensive and defensive linemen can make the Salukis competitive.

Bob Gregolonas, who alternated with returning Jerry Golsteyn at quarterback in the Salukis' 4-7-0 campaign last fall, has moved to linebacking to strengthen the defense.

Bengals Battling Ailing Backfield

CINCINNATI (AP)—The Cincinnati Bengals have cornerback Bernard Jackson back from Detroit, and while they are trying to figure out his future, Coach Paul Brown has another problem.

Only three of the seven running backs are healthy as the Bengals prepare for Saturday night's preseason game with the Lions at Detroit.

"Better now than then," said Brown meaning he expects the injured to be ready when regular season play begins.

Boobie Clark, Lenvil Elliot and rookie Stan Fritts were the only three to emerge healthy after the 30-20 physical drubbing at the hands of the Philadelphia Eagles.

Out of regular practice with muscle ailments were Essex Johnson, Charlie Davies, Doug Dressler and Ed Williams. Dressler, however, may be available if needed, Brown said.

"It's been a helluva week," said Clark, complaining about the heat and polluted air hanging over the city.

"I'm down to 236 pounds and I really don't feel secure if I'm not at 240."

The Lions rejected the trade of Jackson and linebacker Tim Kearney for a draft choice. The Lions said their physicians determined Jackson has a knee problem.

Brown denied this.

"They took x-rays again and everything was negative here," said

Brown after his orthopedic surgeons re-examined Jackson.

"But this doesn't mean we'll keep seven defensive backs." Cincinnati reactivated Jackson after placing Jackson and Kearney on waivers.

Brown said that Jackson would not play against Detroit although he will make the trip.

He said his defensive backs will include Lemar Parrish and Ken Riley at the corners, Tom Casanova and rookie Marvin Cobb at the safeties with Lyle Blackwood and rookie Ricky Davis in reserve.

Meanwhile, Detroit Lions Coach Rick Forzano predicted that Kearney will be traded by Cincinnati to Kansas City. He wanted Jackson, he said, but the ruling of the Detroit doctors is final with the Lions, Forzano said.

Evel Knievel Plans Kings Island Jump

CINCINNATI, Ohio (AP)— Evel Knievel, who has broken more than 100 bones during his 20-year career as a motorcycle daredevil, will end his six-month retirement Oct. 25 by attempting to jump over a world record 14 buses at King's Island, a major amusement park near Cincinnati.

If the 35-year-old Butte, Mont., native succeeds, it will become the longest motorcycle jump ever recorded.

Boston Looks Like Good Bet For Pennant

By ALEX SACHARE
AP Sports Writer

Remember how the Boston Red Sox were supposed to fade in the stretch? As soon as they started to feel the pennant pressure in September, critics claimed, the Bosox would fold like an accordion.

Well, consider this: Boston's magic number is 18.

"It'll be tough for them to catch us now," said Boston rookie Fred Lynn, echoing a tone of confidence heard in all corners of the Red Sox' lockerroom after they beat the Baltimore Orioles 3-1 Thursday night to complete a sweep of their "crucial" two-game series.

The Red Sox have opened an eight-game bulge over the Orioles in the American League East, and with 25 games left to play, any combination of 18 Boston victories or Baltimore defeats will mean a division flag for Beantown.

Elsewhere in the American League, the Kansas City Royals blanked the Chicago White Sox 7-0, the New York Yankees beat the Detroit Tigers 8-1, the Cleveland Indians outscored the Milwaukee Brewers 10-5 and the California Angels defeated the Texas Rangers 6-4. Oakland and Minnesota were not scheduled.

With Luis Tiant a late scratch because of muscle spasms in his back, Boston Manager Darrell Johnson decided two Red Sox pitchers might do the job of one. So he split the mound time between Dick Pole and Dick Drago, and the result was a five-hitter.

Pole, just four days off the injured list after recovering from a line drive to the head June 30, went the first five innings and allowed just two hits and one unearned run. Then Johnson handed the ball to Drago, and he scattered three hits the rest of the way to notch his 10th save and third in the last four games.

Royals 7, White Sox 0

If you're looking for the pennant race in the American League, you might have to take Horace Greeley's advice and head westward.

While the East race has fizzled, the Kansas City Royals are doing their best to heat things up in the West. They posted their fourth consecutive victory as Paul Splittorff blanked Chicago on seven hits to pull to within six games of the first-place Oakland A's.

"It's all very simple now," said Splittorff. "We're six games out and have six more with Oakland. Sure we could use some help from other clubs, but it is still up to us to beat 'em head to head."

Yankees 8, Tigers 1

Thurman Munson drove in three runs with a pair of singles and Rudy May, 12-10, tossed a five-hitter for the Yankees, who broke the game open with five runs in the fifth inning off Ray Bare, 8-10.

Indians 10, Brewers 5

Joe Lis slammed a three-run homer and got another RBI on a sacrifice fly to pace the Cleveland attack. It was only Lis' second game since being promoted from Oklahoma City.

Angels 6, Rangers 4

Lee Stanton belted a two-run homer, his 14th of the season, and then capped a four-run rally in the eighth inning with a three-run double to fuel California's victory. Jeff Burroughs belted his 24th home run and Joe Lovitto his first for Texas.

Dodgers Trim Cincinnati, 3-2

By KEN RAPPOPORT
AP Sports Writer
The Los Angeles Dodgers may have lost a pennant race, but they've found a pitcher.

"He's shown steady improvement over the year," Los Angeles Manager Walt Alston says of Doug Rau. "He's proven he can go nine innings. His control has been better and his changeup, too. But the big thing has been his control."

The left-hander has become one of the most vital and consistent starters on the Dodger staff and Thursday night, won his 13th game with a 3-2 decision over the Cincinnati Reds.

"You've got to have pride," said Rau, whose Dodgers are a hopeless 18½ games behind the Reds in the National League West. "It means a lot to me. At this stage of the season, beating a team that's won 92 games is

pleasing."
Rau, who equaled his career high of 13 victories, credits his strong showing of late to a restful winter. He stayed out of winter ball for the first time in three years.

"I'm stronger now," says Rau. "My arm's healthy. No doubt about that." In the only other National League games, the Atlanta Braves whipped the San Diego Padres 2-1 and the San Francisco Giants took a 2-1 decision from the Houston Astros.

Rau pitched a four-hitter and Willie Crawford ripped a two-run homer as the Dodgers stalled the Reds' drive for the West flag. Their "magic" clinching number remained at five.

Crawford's homer keyed a three-run first inning off loser Clay Kirby, 9-5. Dave Lopes opened with a single and moved to third on an errant pickoff attempt by Kirby.

Lee Lacey singled to drive in Lopes and Crawford followed with his eighth homer of the year.

The only hit Rau allowed in the first five innings was George Foster's 22nd homer. The Reds made it 3-2 in the sixth on three straight singles by Pete Rose, Merv Rettenmund and Joe Morgan.

Braves 2, Padres 1
Run-scoring singles by Ed Goodson and Marty Perez in the ninth inning gave Atlanta its victory over San Diego. A crowd of 1,062 watched the game, lowest ever for a major league baseball contest at Atlanta. Only 1,130 turned out for Wednesday night's game between the two clubs.

Giants 2, Astros 1
John Montefusco, 13-7, notched his third straight victory with ninth-inning relief help and Steve Ontiveros and Bobby Murcer each knocked in a run as San Francisco nudged Houston.

Boston Looks Like Good Bet For Pennant

By ALEX SACHARE
AP Sports Writer
Remember how the Boston Red Sox were supposed to fade in the stretch? As soon as they started to feel the pennant pressure in September, critics claimed, the Bosox would fold like an accordion.

Well, consider this: Boston's magic number is 18.

"It'll be tough for them to catch us now," said Boston rookie Fred Lynn, echoing a tone of confidence heard in all corners of the Red Sox' lockerroom after they beat the Baltimore Orioles 3-1 Thursday night to complete a sweep of their "crucial" two-game series.

The Red Sox have opened an eight-game bulge over the Orioles in the American League East, and with 25 games left to play, any combination of 18 Boston victories or Baltimore defeats will mean a division flag for Beantown.

Elsewhere in the American League, the Kansas City Royals blanked the Chicago White Sox 7-0, the New York Yankees beat the Detroit Tigers 8-1, the Cleveland Indians outscored the Milwaukee Brewers 10-5 and the California Angels defeated the Texas Rangers 6-4. Oakland and Minnesota were not scheduled.

With Luis Tiant a late scratch because of muscle spasms in his back, Boston Manager Darrell Johnson decided two Red Sox pitchers might do the job of one. So he split the mound time between Dick Pole and Dick Drago, and the result was a five-hitter.

Pole, just four days off the injured list after recovering from a line drive to the head June 30, went the first five innings and allowed just two hits and one unearned run. Then Johnson handed the ball to Drago, and he scattered three hits the rest of the way to notch his 10th save and third in the last four games.

Royals 7, White Sox 0
If you're looking for the pennant race in the American League, you might have to take Horace Greeley's advice and head westward.

While the East race has fizzled, the Kansas City Royals are doing their best to heat things up in the West. They posted their fourth consecutive victory as Paul Splittorff blanked Chicago on seven hits to pull to within six games of the first-place Oakland A's.

"It's all very simple now," said Splittorff. "We're six games out and have six more with Oakland. Sure we could use some help from other clubs, but it is still up to us to beat 'em head to head."

Yankees 8, Tigers 1
Thurman Munson drove in three runs with a pair of singles and Rudy May, 12-10, tossed a five-hitter for the Yankees, who broke the game open with five runs in the fifth inning off Ray Bare, 8-10.

Indians 10, Brewers 5
Joe Lis slammed a three-run homer and got another RBI on a sacrifice fly to pace the Cleveland attack. It was only Lis' second game since being promoted from Oklahoma City.

Angels 6, Rangers 4
Lee Stanton belted a two-run homer, his 14th of the season, and then capped a four-run rally in the eighth inning with a three-run double to fuel California's victory. Jeff Burroughs belted his 24th home run and Joe Lovitto his first for Texas.

MAC Season Opens Saturday

COLUMBUS, Ohio (AP) — Central Michigan, the national college Division II football champion last fall, will discover in a hurry how life is in the major-rated Mid-American Conference.

The Chippewas, 12-1 in 1974, step into Division I competition for the first time with 13 regulars and 30 letter winners, taking on visiting Western Michigan Saturday in the MAC's first game of the season.

Central Michigan's inaugural conference campaign calls for six league games, three of them in the first month.

"Our schedule is the toughest in school history. There's no doubt our lack of depth will be a big concern early for us," said Coach Roy Kramer.

Central Michigan has the benefit of a scheduling break. The Chippewas do not face defending champion and title favorite Miami (Ohio) or Bowling Green, another championship threat.

Five of the 10 MAC members debut Saturday with Eastern Michigan at Ball State in the afternoon and Western Carolina at Toledo at night.

Miami, Bowling Green, Kent State, Ohio University and Northern Illinois wait another week before playing.

Central Michigan, the fourthplace choice of newsmen and fifth among the coaches, have a pair of powerful running backs, Walt "Smoke" Hodges and Dick Dunham. They combined for

more than 2,600 yards and 31 touchdowns a year ago.

Western Michigan, 3-8 under Bill Doolittle in 1974, has switched to a Power I formation for new mentor Elliot Uzelac, a former Michigan aide.

The Broncos' main pluses are the one-two 1974 rushers, Dan Matthews and Jim White.

Ball State's game with Eastern Michigan, ineligible in football until 1976, will not count in the standings, but Cardinals' Coach Dave McClain insisted, "We need to win to gain confidence in the conference race."

Eastern Michigan was the lone opponent to handle Ball State over the last six games last fall, taking a 17-9 verdict. Defensive back Shafer Suggs is starting his fourth consecutive season as a Ball State regular.

The Hurons lost their regular quarterback, Steve Raklovits, to a scrimmage injury, probably for the entire year. Jerry Mucha, Raklovits' 1974 alternate, has stepped into the vital position.

Toledo's fortunes will ride on the strong right arm of passing genius Gene Swick. The senior paced the nation in completion percentage (62 per cent) and total yards (2,441) a year ago for the 6-5 Rockets.

Toledo's pass protection suffered a major blow in its final scrimmage. Guard Keith Young, first team all-

conference two years ago and second team all-MAC last season, broke an arm.

The conference's anticipated leaders, Miami, Bowling Green and Kent, all are idle Saturday.

Miami's Redskins carry an unbeaten streak of 23 games into the 1975 campaign, matching national champion Oklahoma for the country's longest undefeated spell. Miami went 10-0-1 and was ranked 10th nationally in 1974, the highest rating ever for a MAC team.

"We should be in the title race," conceded Coach Dick Crum, surveying his 28 lettermen and 11 returning regulars. Gone, however, are five all-league selections.

Miami's top three groundgainers are back. Sherman Smith is launching his fourth season at quarterback, Rob Carpenter has switched from fullback to tailback and 1974 tailback Randy Walker will navigate at wingback.

Bowling Green, the second choice of the coaches and third of newsmen, has perhaps the MAC's premier runner. Tailback Dave Preston was the fifth best rusher in the nation last fall, piling up more than 1,400 yards.

With 213-pound fullback Dan Saleet also back, the Falcons again will rely on an awesome running attack, practically ignoring the pass. Bowling Green was 6-4-1 last season.

Kent State, playing under new head man Dennis Fitzgerald, has fourth-year quarterback starter Greg Kokal and a massive, veteran defensive front four of 6-3, 227 Larry Faulk, 6-3 270 Walt Vrabel, 6-5, 224 Chuck Celek and 6-1, 231 Marvin Elliott.

The Flashes, 7-4-0 last fall, lost running star Larry Poole and their entire linebacking corps. Still, they are picked to finish second in the media poll and third in the coaches' ratings.

Bill Hess, the dean of MAC coaches in his 18th Ohio University season, is counting on a bold experiment. He has switched tight end Rick Lilienthal to quarterback and said, "It's surprising how quickly he could make the adjustment."

The Bobcats return 14 starters from last year's 6-5-0 team that tied Toledo for second place in the conference.

Northern Illinois Coach Jerry Ippoliti, moving into the MAC race for the first time, will hope outstanding offensive and defensive linemen can make the Salukis competitive.

Bob Gregolunas, who alternated with returning Jerry Golsteyn at quarterback in the Salukis' 4-7-0 campaign last fall, has moved to linebacking to strengthen the defense.

Bengals Battling Ailing Backfield

CINCINNATI (AP)—The Cincinnati Bengals have cornerback Bernard Jackson back from Detroit, and while they are trying to figure out his future, Coach Paul Brown has another problem.

Only three of the seven running backs are healthy as the Bengals prepare for Saturday night's preseason game with the Lions at Detroit.

"Better now than then," said Brown meaning he expects the injured to be ready when regular season play begins.

Boobie Clark, Lenvil Elliot and rookie Stan Fritts were the only three to emerge healthy after the 30-20 physical drubbing at the hands of the Philadelphia Eagles.

Out of regular practice with muscle ailments were Essex Johnson, Charlie Davies, Doug Dressler and Ed Williams. Dressler, however, may be available if needed, Brown said.

"It's been a helluva week," said Clark, complaining about the heat and polluted air hanging over the city.

"I'm down to 236 pounds and I really don't feel secure if I'm not at 240."

The Lions rejected the trade of Jackson and linebacker Tim Kearney for a draft choice. The Lions said their physicians determined Jackson has a knee problem.

Brown denied this. "They took x-rays again and everything was negative here," said

Brown after his orthopedic surgeons re-examined Jackson.

"But this doesn't mean we'll keep seven defensive backs." Cincinnati reactivated Jackson after placing Jackson and Kearney on waivers.

Brown said that Jackson would not play against Detroit although he will make the trip.

He said his defensive backs will include Lemar Parrish and Ken Riley at the corners, Tom Casanova and rookie Marvin Cobb at the safeties with Lyle Blackwood and rookie Ricky Davis in reserve.

Meanwhile, Detroit Lions Coach Rick Forzano predicted that Kearney will be traded by Cincinnati to Kansas City. He wanted Jackson, he said, but the ruling of the Detroit doctors is final with the Lions, Forzano said.

Evel Knievel Plans Kings Island Jump

CINCINNATI, Ohio (AP)—Evel Knievel, who has broken more than 100 bones during his 20-year career as a motorcycle daredevil, will end his six-month retirement Oct. 25 by attempting to jump over a world record 14 buses at King's Island, a major amusement park near Cincinnati.

If the 35-year-old Butte, Mont., native succeeds, it will become the longest motorcycle jump ever recorded.

MRS. GEORGIA SWEET, 896-2462

There was a nice turnout for the Westfall's Boosters Horseshow held on Aug. 23 at the Westfall football field. Dandi Seymour, 13, daughter of Mr. and Mrs. Tom Seymour of Derby won top honors in the pleasure class with her grey quarter horse, "Doc's Bar Choice", trained by Dave Kohli, and formerly owned by Dr. Beckman of Mt. Sterling.

This is unusual in that she won over adult competition. She also won high point show trophy at Clark's Lake Western days in July of this year. Her Westfall prize \$50.

Mr. and Mrs. Chester Dawson, sons Allen and David, Steve Dawson, Robert Dawson, Louise and Phyllis Dawson spent Aug. 29 at King's Island.

Sorry to report that Mrs. Madge Hoffman suffered a heart attack on Aug. 29 at her home and is a patient in Mt. Carmel Hospital. She is improving slowly. She is in room 557.

Archie Sweet is also a patient at Mt. Carmel Hospital West. He was admitted on Tuesday suffering severe stomach pains. He is in satisfactory condition at this time. He is in room 810 c.

The first meeting of the Derby PTG for the '75-'76 school year will be held on Thursday at 7:30 p.m. at the school. Parents are urged to attend and meet the faculty. This year's officers are president, Carolyn Onewehr; vice-president, Janet McNeal; secretary, Donna Sollars; and treasurer, Clare Clark.

Mrs. Mae Delay returned home this week after a two-week trip to Myrtle Beach, S. C. and other places of interest in the southern United States. She made the trip with her daughter and husband, Mr. and Mrs. Andy Onewehr of Westerville.

Installation of officers for the '75-'76 program year of the Derby Garden Club will be held Sept. 24, at the regular meeting. President Lois Ruoff will be installed as well as vice president Carolyn Onewehr, secretary Jane Vance, and treasurer Jeanne Spring.

2nd Encephalitis Case Confirmed

FORT WAYNE, Ind. (AP) — The head of the Fort Wayne-Alan County Board of Health says the State Board of Health has confirmed a second case of viral encephalitis in the county.

Dr. Oliver Kiser said Thursday a 6-year-old girl who recovered from the disease and was released Thursday from Fort Wayne Lutheran Hospital was the second confirmed case.

He said the first in Allen County was a 4-year-old girl who recovered last week.

Meanwhile, Kiser said state and area health officials were checking 18 suspected cases of the sleeping sickness in the county including a 12-year-old Hicksville, Ohio, boy who died last Wednesday.

See Diesel Engines For Light Trucks

CLEVELAND, Ohio (AP) — The use of diesel engines typically associated with the heavy trucking industry increasingly will become a factor in the medium and light-duty truck market, Standard Oil Co. of Ohio (SOHIO) predicts.

Edwin H. Scott, senior technical specialist for Sohio's research and developmental laboratory here, says the switch from gasoline-fueled engines is one of a number of steps the future may bring as improvements in operating economy are sought.

Even though diesel engines themselves cost more than do those using gasoline, "their fuel economy is better and their service life is longer," Scott said in a recent interview.

But there should be little substantial change in passenger car engines until well after 1985, though turbines offer advantages when used for such long-range driving as that of trucks and

buses, Scott said. He said two factors working against faster change are the "capital crunch" and uncertainty as to what the government will require of the engines.

Constructing a plant to build turbine engines would cost about \$200 million, he said, adding that "the automotive industry can't afford to invest in a power plant that is going to have a limited life."

"What may be best technologically may not be acceptable politically," he said.

Scott also said Sohio conducts extensive tests on motor oils and fuels for the future through the courtesy car fleet it operates to aid stranded motorists on Ohio interstate highways during the summer.

Among the products being tested this summer has been a motor oil Sohio sees as usable for 16,000 miles, or about one year's typical operation.

Other products under test include two carburetor detergents and unleaded gasolines with varying proportions of alcohol or with manganese to boost octane ratings.

Urge Lottery Compromise

DAYTON, Ohio (AP) — A member of the Ohio Lottery Commission, Louis S. Goldman, said Thursday he will propose that the commission draft its own legislation rather than accept a bill offered by Gov. James A. Rhodes to revamp lottery operations.

Goldman said he would offer his compromise proposal at a commission meeting Sept. 17.

"I don't think any legislation is really needed, but to avoid a problem with the governor, I'm willing to go along with some changes," Goldman said.

Rhodes wants to place all lottery commission employees including the director under Civil Service and give the director authority to hire and fire.

Goodman said at least half of the employees are prohibited by Ohio law from being under Civil Service because they serve in fiduciary position where money is handled.

Goldman said he had no objections to giving the director hiring and firing authority. Two directors appointed by Rhodes resigned, saying they had no authority to operate properly.

The five commissioners were all appointed by former Gov. John J. Gilligan.

This year's officers are president, Carolyn Onewehr; vice-president, Janet McNeal; secretary, Donna Sollars; and treasurer, Clare Clark.

Mrs. Mae Delay returned home this week after a two-week trip to Myrtle Beach, S. C. and other places of interest in the southern United States. She made the trip with her daughter and husband, Mr. and Mrs. Andy Onewehr of Westerville.

Installation of officers for the '75-'76 program year of the Derby Garden Club will be held Sept. 24, at the regular meeting. President Lois Ruoff will be installed as well as vice president Carolyn Onewehr, secretary Jane Vance, and treasurer Jeanne Spring.

2nd Encephalitis Case Confirmed

FORT WAYNE, Ind. (AP) — The head of the Fort Wayne-Alan County Board of Health says the State Board of Health has confirmed a second case of viral encephalitis in the county.

Dr. Oliver Kiser said Thursday a 6-year-old girl who recovered from the disease and was released Thursday from Fort Wayne Lutheran Hospital was the second confirmed case.

He said the first in Allen County was a 4-year-old girl who recovered last week.

Meanwhile, Kiser said state and area health officials were checking 18 suspected cases of the sleeping sickness in the county including a 12-year-old Hicksville, Ohio, boy who died last Wednesday.

See Diesel Engines For Light Trucks

CLEVELAND, Ohio (AP)—The use of diesel engines typically associated with the heavy trucking industry increasingly will become a factor in the medium and light-duty truck market, Standard Oil Co. of Ohio (SOHIO) predicts.

Edwin H. Scott, senior technical specialist for Sohio's research and developmental laboratory here, says the switch from gasoline-fueled engines is one of a number of steps the future may bring as improvements in operating economy are sought.

Even though diesel engines themselves cost more than do those using gasoline, "their fuel economy is better and their service life is longer," Scott said in a recent interview.

Scott, who advises Sohio as to the fuel and oil needs of Detroit automakers' cars for the future, also predicted the size of cars and their engines will be reduced. He said he expects more economical axle ratios, more stick-shift transmissions, and more overdrives for automatic transmissions. He also anticipated "drastic changes" in aerodynamic design.

But there should be little substantial change in passenger car engines until well after 1985, though turbines offer advantages when used for such long-range driving as that of trucks and

buses, Scott said. He said two factors working against faster change are the "capital crunch" and uncertainty as to what the government will require of the engines.

Constructing a plant to build turbine engines would cost about \$200 million, he said, adding that "the automotive industry can't afford to invest in a power plant that is going to have a limited life."

"What may be best technologically may not be acceptable politically," he said.

Scott also said Sohio conducts extensive tests on motor oils and fuels for the future through the courtesy car fleet it operates to aid stranded motorists on Ohio interstate highways during the summer.

Among the products being tested this summer has been a motor oil Sohio sees as usable for 16,000 miles, or about one year's typical operation.

Other products under test include two carburetor detergents and unleaded gasolines with varying proportions of alcohol or with manganese to boost octane ratings.

Urge Lottery Compromise

DAYTON, Ohio (AP) — A member of the Ohio Lottery Commission, Louis S. Goldman, said Thursday he will propose that the commission draft its own legislation rather than accept a bill offered by Gov. James A. Rhodes to revamp lottery operations.

Goldman said he would offer his compromise proposal at a commission meeting Sept. 17.

"I don't think any legislation is really needed, but to avoid a problem with the governor, I'm willing to go along with some changes," Goldman said.

Rhodes wants to place all lottery commission employees including the director under Civil Service and give the director authority to hire and fire.

Goldman said at least half of the employees are prohibited by Ohio law from being under Civil Service because they serve in fiduciary position where money is handled.

Goldman said he had no objections to giving the director hiring and firing authority. Two directors appointed by Rhodes resigned, saying they had no authority to operate properly.

The five commissioners were all appointed by former Gov. John J. Gilligan.

The pressures of a fast approaching festival are beginning to show as all the various chairmen hurry and scurry to get their particular phase ready. And just when a person thinks it is all wrapped up and ready to go wouldn't you know a last minute cropper pops up? That's the name of the game, so they tell me.

A new venture for the festival this year is the addition of a soup kitchen that will be located in the pavilion and under the operation of the women of the United Methodist Church. If this delightfully cool weather continues, which we hope it will, a bowl or cup of soup will really touch the spot. On the other hand, regardless of Mother Nature, soup always is quite tasty so remember the soup kitchen. I understand salad will be on the menu list, too.

A last reminder for all those interested in being contestants in the king, queen, little prince and princess contests to be sure and have your entry mailed no later than this Saturday. The deadline is strictly observed with no exceptions.

Also keep in mind the terrific offer of our bicentennial special of six amusement rides for only one dollar with coupon and these coupons will be available each and every day on the midway.

You readers will easily recall that I have often mentioned how addled I become with extremely hot weather. Well, let me tell you the raspberry bushes in the garden of Jay and Evelyn Kaiser are really confused. They produced delicious fruit on schedule earlier this summer and now they are producing fruit for the second time around. Evelyn's mother, Mrs. Viola Myers, brought a couple sprigs of the berries to me as proof of their confusion. Ain't that something?

Egads! each day for the past couple of weeks I have reminded myself that my forthcoming birthday means getting drivers license renewed and would you believe that here it is today (Thursday—my birthday) and I had completely forgotten all about it in the midst of festivity until my good buddy Mary Alice Greenwood casually tossed out did I need to get drivers license. Oh! boy! does that shoot out in flames my plans for the day because to Roundtown I must skeedaddle. Without those license I am "dead". I need my "rights" to keep on the move with my wheels.

Harry and Emma Puffinbarger are not especially fond of all the quietness at their domicile after a truly busy and enjoyable weekend.

On Saturday the Puffinbargers and Gene and Glenna Steinhauser drove up to Columbus to be with Margaret "Peg" Fulton who is recovering very nicely from a recent heart attack. Peg is now at her home, 1822 Ardleigh Drive, Columbus, Ohio. Also at the Fulton home were Peg's twin brother Marion Steinhauser and his wife Gretchen. They had flown into Columbus airport in the wee Saturday a.m. hours from their winter haven, Florida abode.

Grange News

SALT CREEK VALLEY GRANGE
Worthy Master Francis Fraunfelter conducted the business session of Saltcreek Valley Grange Tuesday. Various reports were given and a letter was read regarding Pickaway County Fair activities.

The charter was draped in memory of George William Rihl. A donation was made to CARE and two applications for membership were presented from Byron Downs and Ellen Camp.

The following officers were elected: Hoyt Timmons, master; Ron Chesser, overseer; Barbara McKenzie, lecturer; Fred Delong, steward; Neal Wolfe, assistant steward; Donna Beougher, lady assistant steward; Ray Mann, chaplain; Orley Judy, treasurer; Mary Delong, secretary; Virgil Timmons, gatekeeper; Shirley Wolfe, ceres; Margaret Ater, pomona; Nancy Dutcher, flora; Wayne Crider, executive committee member.

Paul Dunkle presented the program and announced that next month will be birthday month for those with birthdays in June, July, August and September. Hostesses for the evening were Mr. and Mrs. Orley Judy and Mr. and Mrs. Ray Mann.

Saturday evening the Florida Steinhausers came to our village and so did their son and his wife, Larry and Kathy Steinhauser of Marion. Both couples were the houseguests of Harry and Emma. Now we come to Sunday and a real family get together of the carry-in dinner type with John and Minnie Steinhauser from Circleville, Gene and Glenna, Noah and Mabel List of Pherson, and Kate Steinhauser of Clarksburg.

Sunday evening, the Marion Steinhausers from Florida went to Columbus and overnights with Gretchen's mother, Mrs. Ruth Doggett. They flew home late Monday night.

The Marion, Ohio Steinhausers remained for another night with grandmother Emma and Harry and returned to their home late Monday evening. Both Harry and Emma love having family and friends to stop in so it is little wonder that these past couple of days have found them somewhat lonesome after such a super neat holiday weekend.

John and Edna West are back home and the first order of the day was for Johnny to get the grass mowed. The Wests had been in Florence, S.C. with their daughter and her family, Jeanette and Jack Lovensheimer, Lisa, Craig and Brian.

Other vacationers newly returned home and enthusiastically talking of their experiences are Mike and Marsha McCafferty and their three pretty redheads, Kelly, Kim and Kathy. Leaving here bright and early they drove through Indiana, Illinois, Iowa and Nebraska to Denver, Col. and nearby Estes Park and Loveland which they describe as breathtakingly beautiful.

For an 80 degree temperature at the bottom of the Rocky Mountains they drove to the very top where it was 40 degrees and they had the thrill of making snowballs in August. From bottom to top and back to the bottom of the mountains was a full day's journey.

Huntsman Mike had the joy of his life seeing the large Rocky Mountain buck deer and throughout the trip many antelope, coyotes and buffalo were seen. Fact is, at Custer State Park in the Badlands the family had to wait in their car until a herd of buffalo decided to "mosey" on across the road.

Other states on the trip included Montana, Wyoming, South and North Dakota, Wisconsin, Minnesota, and Michigan. They report that fall is beginning in many of the states with much evidence of leaves turning and lots of cool weather. The McCaffertys tried tent camping at KOA campgrounds this year and are quite enthused by it.

Belle Sowers and myself were in Canal Winchester on Labor Day for the annual Holiday parade. We had a little tour of Pickaway County first.

Our Amy finally got rested up after a really busy weekend. On Friday evening she was among the guests at a birthday slumber party for Robin Russell of Circleville. Brenda Galloway from our area was also there.

Why it is called slumber party I will never know because who slumbers? What a misnomer!

Robin is the ten-year-old comely daughter of Raymond and Linda Russell. Then on Sunday Amy went with Bill and Marcia Horch and their Sheryl and Kenny to Kings Island for a full day of activity. Jerry Mowery also enjoyed the day with the family. The occasion was in celebration of Kenneth's birthday.

School is in session so please be cautious all you motor vehicle operators. Amy is happy as a lark that she is in the fifth grade and has Mrs. Roberts for her teacher. Golly, it seems only yesterday that we brought her home from the hospital as a tiny, adorable infant. Where, oh where does the time go so quickly?

Becki is getting all the necessities ready for her return to the college textbooks for the fall term as are many other local college students such as Jan Long, Rae Fenstermaker, Rick Metzger, Steve Wynn, Kelly Steinhauser, Kathy Logan, Susan Hillman, Jill Long (who will return as Mrs. Scott Riddle since she becomes a bride this Saturday) and Vince Redman.

Be with you again next week, be the Lord willing. Take care. Think About: Sept. 11 thru 14 is the festival at Williamsport.

Sander Faces Death

REDDING, Calif. (AP) — A Superior Court jury Thursday rejected Robert Paul Sander's plea of insanity in the sniper shooting murders of five persons and returned a verdict of mandatory death in the gas chamber.

The same panel that last week convicted Sander on four counts of first-degree murder and one of second-degree in the shootings at a Northern California motel and restaurant found that the killings were connected, making the death penalty mandatory. Although Judge Frank Petersen scheduled formal sentencing for Sept. 22, the death penalty is mandatory under the mass murder provision of California's capital punishment law.

Sander, 24-year-old former Cincinnati department store employee, became one of a halfdozen persons convicted under the mass murder statute since it went into effect Jan. 1, 1974.

His emotionless gaze moved from juror to juror as the eight-woman, four-man panel was polled on the penalty phase of the trial. He also showed no emotion when the murder convictions were returned last Thursday night and Friday morning, and when his request to drop his insanity plea was rejected by the court.

Frost-Free Harvest Time Seen

WASHINGTON (AP) — Government analysts say farmers have the odds on their side this fall for frost-free weather for harvesting corn and soybeans, but they stress that no one can be sure.

Last year, after foul weather delayed plantings and summer drought took its toll, early freezes in the upper Midwest damaged large acreages of late-maturing corn and soybeans.

It was this series of bad weather breaks — called a "triple whammy"

Village Forced To Lay Off Police

ATTICA, Ohio (AP) — Five men on the police force in this small Seneca County village were laid off Wednesday because the village is out of money.

City officials said the village's financial problems are a result of failure by the village clerk to submit the budget to the county budget committee on time. Clerk Dorothy Gaugluff was one month late with the budget, officials said.

Village Police Chief Kenneth Green and a patrolman paid by a grant are on duty with some dispatchers.

Attica Mayor William Ohl has gone to the state Board of Tax Appeals and said he was confident the village's budget would be accepted so the police could be rehired.

by Agriculture Secretary Earl L. Butz — which reduced 1974 corn and soybean production far below earlier prospects. And the early freezes, weeks ahead of normal in some cases, played a major part.

A weekly weather and crop bulletin issued Thursday by USDA and the Commerce Department said that while "it is not possible" to predict when killing frosts may occur, historical information can be used to give an idea on the probabilities of such occurrences.

Using this data, the report included a map showing temperature outlook probabilities in September through November, a time when most of the nation's corn and soybeans matures and is ready for harvest.

In the eastern half of the nation, roughly east of a line extending from central Texas through eastern Oklahoma and then almost straight north, the experts said there is a 60 per cent chance that temperatures during Sept.-Nov. will be above normal.

The 60 per cent region includes a bit of eastern Kansas, most of Iowa and Minnesota, and all the area east of those regions except for New England.

In a fairly narrow strip extending from the southwest through Kansas, Nebraska and the Dakotas, the map showed there is a 50-50 chance that fall temperatures will average above or below normal.

Those areas, particularly the 60 per cent regions, account for most of the nation's grain and soybeans.

Thus, while no government weatherman is flatly predicting mild weather this fall, the experts do say that there is at least an even chance that killing frosts will not occur on a large scale.

One big factor in farmers' favor this fall is that, for the most part, corn and soybeans were planted on time and made rapid growth early in the season. Thus, unlike last year, most of these will be mature and ready for harvest before truly severe cold snaps occur.

For example, as of the end of August, 55 per cent of the Illinois corn was mature, compared with only 5 per cent at the same time last year. Soybean development was running ahead at about the same rate as of Aug. 31, the report showed.

Another portion of the report included maps compiled by the National Weather Service of the Commerce Department. It showed that according

to a 30-day outlook, precipitation in September is expected to average above normal in most of the nation, including the western Corn Belt where drought earlier this summer reduced corn prospects sharply.

Fall is a great time to spread Scotts TURF BUILDER® PLUS 2®. It goes right after dandelions, plantain, clover and many other perennial weeds that otherwise would "winter over" and be back stronger than ever next year — crowding out good grass as they grow. Plus 2 stops more than three dozen pesky weeds, and it does it at the same time it gives your grass an important fall feeding. Result? As weeds gradually disappear, your lawn gathers strength for the winter months ahead. So it looks better this fall — and next spring too!

Controls lawn weeds as it strengthens grass for winter!

Fall is a great time to spread Scotts TURF BUILDER® PLUS 2®. It goes right after dandelions, plantain, clover and many other perennial weeds that otherwise would "winter over" and be back stronger than ever next year — crowding out good grass as they grow. Plus 2 stops more than three dozen pesky weeds, and it does it at the same time it gives your grass an important fall feeding. Result? As weeds gradually disappear, your lawn gathers strength for the winter months ahead. So it looks better this fall — and next spring too!

TWO BUDWEISER 6-PAKS

NEW YORK (AP) — Some years ago, a pal named Doc Young and I were walking through the woods near his home in Chardon, Ohio, and he spoke of how kill-crazy some people get when hunting season opens.

He said one year he saw a score of hunters marching across a field, almost in a skirmish line. One lonely bird made a break for it. Nearly every man fired and the bird was blown to smithereens.

Doc, himself a hunter, shook his head in amazement and disgust.

Some may get the same feeling tonight watching a

CBS documentary, "The Guns of Autumn." It's an unusually strong, disturbing study of hunting and killing game as a form of recreation in modern America.

We should warn that "Guns" isn't for those with weak stomachs. Time and again you'll see animals shot and killed, starting with a treed bear in the woods near Copper Harbor, Mich.

As we later learn, the bear has been trapped by hunters led by guides equipped with two-way radios. It's nearly a military operation, lacking only a call for an air strike.

You might call this unsportsmanlike, likewise the shooting of the almost-tame bears who feed at the Copper Harbor garbage dump during the no-hunting season.

Reported in a flat, deliberate style by producer Irv Drasin, this 90-minute show emphasizes the psyche of hunters by letting them say, in their own words, why they enjoy the hunt and the kill.

It doesn't ask them if they ever eat what they shoot, a notable omission, as it concentrates on the varied forms of recreational shooting in Arizona, Texas, Utah, Pennsylvania and Michigan.

On the other side of the coin is a look at game management in Arizona, where state officials offer reasonable explanations of why they allow buffalo shoots during certain times.

The explanations of hunters on why they like to shoot buffalo may not be reasonable to nonhunters, but that's shoot biz.

The show's most shocking moments are near the end in a long segment about a private shooting preserve near Detroit. Drasin says it has 500 big game animals in one square mile of fenced-in land.

There, one "hunter" blasts a fallow white deer. He and his guide approach the wounded animal. The guide pulls out a pistol to deliver the coup de grace. He shoots the deer, but it doesn't die.

Its head remains up. The animal is shot again. Then again. And yet again. Still, it doesn't die. But the hunter poses for a snapshot with it anyway.

Because of the show's controversial topic and the complaints CBS says it already has received from hunters and "hunting interests," the network is taking the unusual step of airing a follow-up show Sept. 28.

In it, says producer Russ Bensley, "we will show reactions, both pro and con, from different quarters, and we'll study various pressures applied to CBS News concerning 'The Guns of Autumn.'"

Your Horoscope

By FRANCIS DRAKE
Look in the section in which your birthday comes and find what your outlook is, according to the stars.

FOR SATURDAY

ARIES (Mar. 21 to Apr. 20): Avoid that far-out limb which has neither been tested for strength nor offers good reason for examination. What fascinates is not always worth going after.

TAURUS (Apr. 21 to May 21): Independence of thought and action should be stressed, but don't arbitrarily reject unusual ideas. A fresh viewpoint could give your efforts new direction.

GEMINI (May 22 to June 21): A pleasant surprise indicated — possibly the settlement of a long-standing obligation. Romance highlighted, too.

CANCER (June 22 to July 23): Job matters are likely to conflict with personal desires, but accept the situation for the present. It will pay off later.

LEO (July 24 to Aug. 23): A top day for displaying your canny sense of timing and ability to cut deadwood from your schedule. Some new opportunities in the offing.

VIRGO (Aug. 24 to Sept. 23): Dissidents or others not having your best interests at heart may try to dissuade you from following carefully made decisions. Pay no heed.

LIBRA (Sept. 24 to Oct. 23): Avoid a tendency toward wishful thinking. Realism and objectivity are needed in all situations.

SCORPIO (Oct. 24 to Nov. 23): A hectic day, which promises new and exciting romance experiences. Be careful not to "go overboard," however.

SAGITTARIUS (Nov. 23 to Dec. 21): Romance is in your picture, too. You'll get unmistakable hints that someone you admire considers you very attractive. Follow up!

CAPRICORN (Dec. 22 to Jan. 20): Some complexities indicated. However, your ability to move in tight spots and maintain equilibrium through heavy seas can see you through.

AQUARIUS (Jan. 21 to Feb. 19): Enthusiasm must be properly channeled to be effective. Do not go to extremes on this generally stimulating day.

PISCES (Feb. 20 to Mar. 20): An original twist or a new method could brighten routine, but don't go to extremes or attempt the bizarre.

YOU BORN TODAY can, if you bolster your self-confidence and curb a tendency toward self-consciousness, make a great contribution to the well-being of mankind — both in your immediate circles and in the wider, broader sense. You face all problems, large or small, with logic, forthright action and the courage to stand up in the face of opposition. While stressing these valuable qualities, however, DO avoid censoriousness and don't become a stickler for details — a typical Virgoan tendency.

Dear Abby:

By Abigail Van Buren

Hotel For The Uninvited

DEAR ABBY: I am suffering from acute and chronic "Houseguestitis." Tomorrow morning I will place an ad in our local newspaper to sell my lovely guest-room furniture. It's only one year old, looks like new, but I have aged a lot since installing it.

I've had wave after wave of houseguests for the past several weeks — all either uninvited or self-invited and the end isn't in sight.

My nerves are shot, my cuticles are bleeding, my purse and gas tank are empty, my yard, house, children and pets are somewhat neglected, and I'm exhausted.

One more call from friends asking me to please pick them up at the airport (85 miles round trip) will send me to the funny farm.

Most of my friends in this area have the same problem. Our husbands escape to their offices and try to ignore the mess.

I wish that people could understand that a casual, "We'd like to see you if you visit in this area," is not an invitation to move in with us.

So, tomorrow, the furniture goes on sale and the hotel closes.

ALWAYS A HOSTESS, NEVER A GUEST

DEAR ALWAYS: Why give up your guest facilities? All you have to do is say, "I'm sorry, but we can't accommodate guests now," when unwanted guests invite themselves.

DEAR ABBY: Is there a polite way to tell people that you don't want their old-hand-me-down clothes?

I am three months pregnant, and no sooner did I announce it at the office when almost every old lady present volunteered to lend me her old maternity clothes!

Abby, some of these clothes are five and six years old! Also, don't they realize that maybe I would like the pleasure of selecting the styles and colors that look best on me?

Please print this as I know there are other young pregnant girls who have been stuck in this situation.

NO HAND-ME-DOWNS

DEAR NO: All you need to say "No thank you," when you're offered something you don't want. Some pregnant girls appreciate hand-me-downs.

DEAR ABBY: My problem is undoubtedly shared by many other senior citizens. I have arthritis in my hands, and many of my friends insist on shaking hands with me every time we meet. These thoughtless handshakers grab my hand and squeeze my poor aching fingers which is very painful.

How can I avoid this painful experience? Maybe if you print this letter it will help.

SORE IN OKMULGEE, OKLA.

DEAR SORE: Here's your letter. In the meantime, before shaking hands, say, "Gently, please. I have arthritis.

Farm Bureau Membership Backs Law Enforcement, Firm Justice

Pickaway County Farm Bureau members attending the annual meeting Thursday at the 4-H and Grange Building on the fairgrounds took a strong stand for law enforcement and justice in adopting its policy for 1976.

By heavy majority votes, the members expressed the opinion that local law enforcement officers' salaries should be increased to retain the trained and qualified personnel now serving the citizens of the county and to attract qualified people as applicants for law enforcement posts.

They also strongly supported a resolution calling for the judicial system to use a firm hand in meting justice to persons convicted of crimes.

Sheriff Dwight Radcliff, a guest of the Farm Bureau at the meeting, told members that one of the more disheartening aspects of a career in law enforcement was to lose a conviction, have a known criminal released on a very light bond or a recognizance bond or to see a suspended sentence imposed when conviction called for a stiff penalty.

The sheriff told Farm Bureau members that a situation currently exists in Circleville Municipal Court that he considers deplorable. Judge Sterling Lamb is recovering from major surgery, and during his absence from the bench the position of municipal court judge is filled on a rotating basis by local attorneys.

"Men who serve as judges one day may have been defense attorneys the

day before or will be defending a client in court the next day," Sheriff Radcliff pointed out.

"I have asked our prosecuting attorney Richard Gerhardt to request the Ohio Supreme Court assign either municipal court judges from other cities or retired judges to the bench here until such a time as Judge Lamb can return to his position," he stated.

Other local issues backed by the Farm Bureau Membership include the construction of an overpass to eliminate the traffic bottleneck at West Main Street and the Norfolk & Western Railroad and better supervision and compliance with health regulations at the county landfill.

On state issues, the membership voted to:

Abolish the county school superintendent's position;

Permit solvent railroads to bid on tracks not properly maintained or no longer used;

Supervise welfare more closely and provide an incentive program for case workers to get people off the welfare rolls;

Eliminate personal property tax on deferred grain payment grain held in storage at commercial elevators;

Request council guides policy suggestions be submitted in February rather than May.

The membership voted against a resolution to eliminate the annual bicycle tour that uses state Route 104 as its route.

On the national scene, members called for:

Controlled government spending, elimination of "Saturday Night Specials" (cheap handguns) from the market, improval of the postal service, the news media to report facts and let people draw their own conclusions, registration of firearms not be required.

Robert Scherer, the guest speaker, explained the operation of Landmark Foods, Farm Bureau's venture into food marketing, to those present.

Scherer said that Landmark Foods total sales in 1974 exceeded \$47 million and that poultry sales were in the neighborhood of 100 tons per week.

The speaker noted that Landmark Foods owns Teeters Packing Co. in Columbus and Evans Packing Co. at Gallipolis.

Trustees elected Thursday are:

Waldo J. Swoyer, Madison Twp., one year; Paul E. Ewing, Deercreek Twp., three years; William Walker, Jackson Twp., three years; Art Dick, Monroe Twp., three years; Don Martin, Muhlenberg Twp., three years; Brent Eugene Rhoads, Pickaway Twp., three years; Donald L. Mosquitos Known To Carry Encephalitis Found Here

By DAVE AMEY
Herald City Editor

Four of the five or six varieties of mosquitos (Aedes genus) known to carry the California strain of encephalitis have been documented in Pickaway County by Bob Kramer, local health department environmentalist.

But, thus far, no active cases of the disease have been reported in the county.

Kramer made the discovery about three months ago during a random sampling of the mosquito population in the northern part of the county.

"I was checking species of mosquitos breeding there," he said, "looking specifically for the varieties that carry California encephalitis and Dog Heart-Worm Disease. They were

both pretty evident."

(The Herald related his findings on Dog Heart-Worm Disease in an earlier edition.)

Kramer notes that about half of the 52 known varieties of mosquitos live and breed in Pickaway County. And, mosquitos that transmit the California strain of encephalitis are more common in Ohio than all of the other states combined. Since 1964, of the 500 human cases, over 300 have occurred in Ohio.

Environmental conditions in the state are responsible for the propagation, he said. Mosquitos that carry the California variety are attracted to rot holes in trees. One of their favorite dwelling areas is Knox County.

In Ohio, California encephalitis is carried to man by mosquitos of the genus Aedes. The species Triseriatus and Canadensis, both prevalent in the county, are the main carriers. Canadensis also transmits dog heart-worm disease.

The normal cycle of the disease in nature involves these mosquitos and small mammals of the squirrel family. An infected mosquito injects some virus particles as it feeds on a mammal such as a chipmunk. After a short time, the virus multiplies in the chipmunk and the virus particles are found in the blood stream.

During this time, another mosquito may become infected by feeding on the infected chipmunk.

Man becomes infected by being fed upon by an infected mosquito. The disease cannot be spread directly from man to man nor can man infect other mosquitos. The virus particles in the human blood stream apparently are not in sufficient numbers to infect mosquitos.

In the species found here, the virus particles can also be passed from an infected mosquito through her eggs to the next adult generation. Since this mosquito passes the winter in the egg stage, this is probably where the California encephalitis virus over-winters.

The more serious St. Louis strain is transmitted through the Culex Traslalis mosquito, which is not prevalent here. It feeds mainly on birds. Only two cases of St. Louis encephalitis have been reported in Ohio since 1964.

But the state averages about 37 cases of the California virus each year. Three cases have been discovered in Ohio thus far, but only one is the St. Louis type.

However, health officials in Chicago, Ill., are at a loss to explain the recent outbreak of the disease in their area. Illinois has a reported 107 confirmed cases of the disease, and most are centered in Cook County.

Encephalitis literally means inflammation of the brain. Symptoms, rather than causes and pathologic processes, determine the diagnosis of the disease.

California encephalitis may be given several names, such as encephalitis or aseptic meningitis. But it is

erroneously called sleeping sickness. Death rarely occurs, but the disease may be severe and require hospitalization.

The symptoms include fever, headaches, vomiting, drowsiness, lethargy, stiff neck, nausea, convulsions, restlessness, mental confusion, coma, stupor, delirium, twitching, muscle weakness, sensitivity to light, tremors, and dizziness.

Positive diagnosis can only be made after testing two blood samples, one taken during and one after the illness. Family physicians should be consulted.

The disease usually strikes children 15 and under although adults are not completely immune.

The peak season is August and September.

One means of disease prevention, Kramer said, is to avoid contact with mosquitos.

Concerned persons should check the effectiveness of their house screens and windows, stay indoors at night as much as possible, use insect repellants when outside, spray around homes and empty containers of stagnant water where the insects breed, stay out of wooded areas, and wear long-sleeved shirts.

Persons with questions concerning the control of the mosquito population should contact the Pickaway County Health Department.

Farm Bureau Membership Backs Law Enforcement, Firm Justice

Pickaway County Farm Bureau members attending the annual meeting Thursday at the 4-H and Grange Building on the fairgrounds took a strong stand for law enforcement and justice in adopting its policy for 1976.

By heavy majority votes, the members expressed the opinion that local law enforcement officers' salaries should be increased to retain the trained and qualified personnel now serving the citizens of the county and to attract qualified people as applicants for law enforcement posts.

They also strongly supported a resolution calling for the judicial system to use a firm hand in meting justice to persons convicted of crimes.

Sheriff Dwight Radcliff, a guest of the Farm Bureau at the meeting, told members that one of the more disheartening aspects of a career in law enforcement was to lose a conviction, have a known criminal released on a very light bond or a recognizance bond or to see a suspended sentence imposed when conviction called for a stiff penalty.

The sheriff told Farm Bureau members that a situation currently exists in Circleville Municipal Court that he considers deplorable. Judge Sterling Lamb is recovering from major surgery, and during his absence from the bench the position of municipal court judge is filled on a rotating basis by local attorneys.

"Men who serve as judges one day may have been defense attorneys the

day before or will be defending a client in court the next day," Sheriff Radcliff pointed out.

"I have asked our prosecuting attorney Richard Gerhardt to request the Ohio Supreme Court assign either municipal court judges from other cities or retired judges to the bench here until such a time as Judge Lamb can return to his position," he stated.

Other local issues backed by the Farm Bureau Membership include the construction of an overpass to eliminate the traffic bottleneck at West Main Street and the Norfolk & Western Railroad and better supervision and compliance with health regulations at the county landfill.

On state issues, the membership voted to:

Abolish the county school superintendent's position;

Permit solvent railroads to bid on tracks not properly maintained or no longer used;

Supervise welfare more closely and provide an incentive program for case workers to get people off the welfare rolls;

Eliminate personal property tax on deferred grain payment grain held in storage at commercial elevators;

Request council guides policy suggestions be submitted in February rather than May.

The membership voted against a resolution to eliminate the annual bicycle tour that uses state Route 104 as its route.

On the national scene, members called for:

Controlled government spending, elimination of "Saturday Night Specials" (cheap handguns) from the market, improvement of the postal service, the news media to report facts and let people draw their own conclusions, registration of firearms not be required.

Robert Scherer, the guest speaker, explained the operation of Landmark Foods, Farm Bureau's venture into food marketing, to those present.

Scherer said that Landmark Foods total sales in 1974 exceeded \$47 million and that poultry sales were in the neighborhood of 100 tons per week.

The speaker noted that Landmark Foods owns Teeters Packing Co. in Columbus and Evans Packing Co. at Gallipolis.
